

## 2018 RAND MCNALLY MOTOR CARRIERS ROAD ATLAS MCRA

No more than a minute after Vanadium departed, a nurse arrived in a rush, no doubt sent by the hateful cop. Hard to tell, through all the tears, if she was a looker. A nice face, perhaps. But such a stick-thin body..Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right..In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case..The sound-suppressor didn't render the pistol entirely silent, but the three soft reports, each like a quiet cough muffled by a hand, wouldn't have carried beyond the hallway..Although, by unspoken agreement, they avoided any talk of loss and death, the mood remained grim. Angel sat in thoughtful silence, pushing her food around her plate rather than eating it. Her demeanor intrigued Tom, and he noticed that it worried her mother, who put a different interpretation on it than he did..The subtle distortions in his vision, which caused lines of type to twist, didn't appear to trouble Barty much otherwise. He moved as quickly and as surely as ever, with his special grace..Clutching the purse as though determined to resist robbery even in death, the guy dropped, sprawled, shuddered, and lay still. He'd gone down with no shout of alarm, with no cry of mortal pain, with so little noise that Junior wanted to kiss him, except that he didn't kiss men, alive or dead, although a man dressed as a woman had once tricked him, and though a dead pianist had once given him a lick in the dark..So they had cooked up this project, math and mayhem, geometry of limbs and branches, arboreal science and childish stunt, a test of strategy and strength and skill-and of the scary limits of nine-year-old bravado..Laying the gun on the newspaper, he dropped into the chair. He picked up his coffee. The search of the house had been conducted with such urgency that the java was still pleasantly hot..Initially, when told that his patient was a Negro, Junior had been reluctant to serve as her physical therapist. Her program of rehab required mostly structured exercise to restore flexibility and to gain strength in the affected limb, but some massage would be involved, as well, which made him uncomfortable.. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch..Worse than the tenderness in the bones, the bleeding gums, the headaches, the ugly bruises, worse than the anemia-related weariness and the spells of breathlessness, was the suffering that her battle caused to those whom she loved. More frequently as the days passed, they were unable to conceal their worry and their sorrow. She held their hands when they trembled. She asked them to pray with her when they expressed anger that this should happen to her-of all people, to her, and she wouldn't let them go until the anger was gone. More than once, she pulled sweet Angel into her lap, stroked her hair, and soothed her with talk of all the good times shared in better days. And always Barty, watching over her in his blindness, aware that she would not be dying in all the places where she was, but taking no consolation from the fact that she would continue to exist in other worlds where he could never again be at her side..Babies of unwed mothers-especially of dead unwed mothers, and especially of dead unwed mothers whose fathers were ministers unable to endure public mortification-were routinely put up for adoption. Since Seraphim had given birth here, the baby would be-no doubt already had been-adopted by a San Francisco-area family..Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower..She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..Soundlessly, reluctantly, Agnes pulled the bedroom door nearly shut, and went down to the kitchen, where she sat alone, drinking coffee and nibbling at mysteries. Of all the gifts that Barty opened on Christmas morning, the hardback copy of Robert Heinlein's *The Star Beast* was his favorite. Instantly enchanted by the promise of an amusing alien creature, space travel, an exotic future, and lots of adventure, he seized every opportunity throughout the busy day to crack open those pages and to step out of Bright Beach into stranger places..Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life.. "So where he threw the quarter," Barty said, as Angel listened intently and nodded her head, "wasn't really into Gunsmoke, 'cause that's not a place, it's just a show. See, maybe he threw it into a place where I'm not blind, or into a place where he doesn't have that messed-up face, or a place where for some reason you never came here today. There's more places than anybody could ever count, even me, and I can count pretty good. That's what you feel, right-all the ways things are?". Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were

overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty..Luck favored Paul: The hero was here, having breakfast. He and two other men were deep in conversation at a corner table..Earlier in the week, Junior had looked up Thomas Vanadium in the telephone directory. He expected the number to be unlisted, but it was published. What he wanted more than a number was an address, and he found that as well..The white Buick glided through the tides of fog like a ghost ship plying a ghost sea.."If he gets back within the next hour, better ring me at his place so I can scoot."..Later, when the seven of them were gathered at the dinner table, the adults raised glasses of Chardonnay, the children raised tumblers of Pepsi, and Maria gave the toast. "To Bartholomew, the image of his father, who was the kindest man I've ever known. To my Bonita and my Francesca, who brighten every day. To Edom and Jacob, from whom ... from whom I've learned so much that has made me think about the fragility of life and made me realize how precious is every day. And to Agnes, my dearest friend, who has given me, oh, so much, including all these words. God bless us, every one."..The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely..One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill of experiencing a new cultural phenomenon..On Friday evening, he had arranged for the drawing of the aces, but he had not stacked the subsequent twelve cards to provide for the selection of four identical knaves at three-card intervals. He'd sat in stunned..He was in a mood to shoot her, but this weapon was not fitted with a sound-suppressor. He'd left that gun in Celestina's bedroom. This was the pistol that he had taken from Frieda Bliss's collection, and it was as full of sound as Frieda had been full of spew..An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian..Throughout lunch and, indeed, during his hours as an outpatient at the hospital, Barty gave no indication that he understood the gravity of his situation. He remained cheerful, charming the doctors and technicians with his sweet personality and precocious chatter..Bartholomew's genius might have been intimidating, even off-putting, if he'd not been as much child as child genius. Likewise, he would have been wearisome if impressed by his own gifts..To prove himself, he read a little of Dickens when she requested it, a passage from Great Expectations. Then a passage from Twain..A shiver of awe traveled Celestina's spine, because she knew what the physician's next words would surely be..The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intensely as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies."..Knickknacks and mementos were not to be found anywhere in the house. And until now Junior had seen nothing hanging on the barren walls except a calendar in the kitchen..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained..Dinner was cooking in the upper of the two ovens. He switched the bottom oven, setting it at warm, and dropped open the door..The previous day, Jacob and Edom had driven back to Bright Beach, to prepare for Barty's arrival. Now they hurried down the back porch steps and across the lawn, as Maria followed the driveway past the house and parked near the detached garage at the rear of the deep property..ON THE FOLLOWING Tuesday afternoon in Bright Beach, across a sky as black as a witch's cauldron, seagulls flew out of an evil brew toward their safe roosts, and on the land below, humid shadows of the..Rising from the chair and approaching the bed, the detective kept turning the quarter without hesitation. "She was a very sweet girl. Very romantic. Her diary's full of rhapsodies about married life, about you. She thought you were the finest man she'd ever known and the perfect husband."..The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords..Disbelieving his eyes, Junior reached across his body with his left hand and picked up the quarter. Although it had been lying in his right palm, it was cold. Icy..Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension..Although Zedd counsels living in the future, he recognizes the need to have full recollection of the past when absolutely needed. One of his favorite techniques for jolting memories loose when the subconsciously..She had lighted one candle for each of eleven apostles, none for the twelfth, Judas, the betrayer. Consequently, after burning a fragment of the cards in each votive glass, she was left with one piece..More likely than not, this was a lie, and the detective was, setting him up. Suddenly Junior wished that he had denied dreaming..She was not yet twenty-one, and he

was at least twice her age, but he leaned like a small child against her, and like a mother she comforted him..After undressing for the night, he sat on the edge of the bed for a while, rubbing the coin between the thumb and forefinger of his right hand, brooding about Thomas Vanadium. He tried rolling it across his knuckles; he dropped it repeatedly..Not a word of that would come to Paul, but his frustrating speechlessness might have been for the best. From everything he knew about this hero, such effusive praise would embarrass him..Besides, he didn't want the police in San Francisco to know that he'd been suspected, by at least one of their kind, of having killed his wife in Oregon. What if one of the locals was curious enough to request a copy of the case file on Naomi's death, and what if in that file, Vanadium had made reference to Junior waking from a nightmare, fearfully repeating Bartholomew? And then what if Junior eventually located the right Bartholomew and eliminated the little bastard, and then what if the local cop who'd read the case file connected one Bartholomew to the other and started asking questions? Admittedly, that was a stretch. Nevertheless, he hoped to fade from the SFPD's awareness as soon as possible and live henceforth beyond their ken.. "Can't pay us as well as Losen does. But we could live," Otter argued..Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting..Although he related well to the theme of moral relativism and personal autonomy in a value-neutral world, Junior grew apprehensive about each impending scene of violence, and closed his eyes against the prospect of blood. He resented having to endure ninety minutes of the film before Google finally settled into the seat beside him..When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards..Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible.. "No, no, dear. It was little Muffin, from next door. A big dog certainly would have torn up both you and the pants. We've got to have a credible story." Barty grinned mischievously. "One of the places we visited today. Some big kids. They saw this scary movie, said they had to wash their shorts after." Above the wainscoting, the walls were Sheetrock, unlike the plaster elsewhere in the apartment. On one of them, Enoch Cain had scrawled Bartholomew three times..Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics..Because, since childhood, Jacob had been drawn to stories and images of doom, to catastrophe on both the personal and the planetary scale-from theater fires to all-out nuclear war-he had a flamboyant imagination second to none and a colorful if peculiar intellectual life. For him, therefore, the most difficult part of learning card manipulation had been coping with the tedium of practice, but for years he had applied himself diligently, motivated by his love and admiration for his sister, Agnes..Tales from Earthsea/Ursula K. Le Guin.-1st ed. p. cm. Contents: The finder-Darkrose and Diamond-The bones of the earth-.No weekend had ever passed so quickly, and no midnight had ever brought with it such dread..By "all of that," he meant the groceries that she and Joey often sent along with the pies, the occasional mortgage payment they made for someone down on his luck, and the other quiet philanthropies..Celestina extended her left hand, which shook so badly that she nearly knocked over both their wineglasses. "I will." This comment left Tom nonplussed. He could only imagine that Jacob had known someone who died in that crash-yet the twin's tone of voice and his expression seemed to suggest that a world without the Bakersfield train wreck would be a less convivial place than one that included it..Grace dropped the phone. Harrison let the frosting knife slip out of his fingers..Otter hesitated and said, "Yes." The rocking chair stopped squeaking under her. She heard the sincerity in Vinnie's voice, and as her disbelief dissolved, she was shocked into immobility. She whispered, "My little superstition." Finally, only thirty miles south of Spruce Hills, he reluctantly acknowledged that slow deep breathing, positive thoughts, high self esteem, and firm resolve weren't sufficient to subdue his treacherous bowels. He needed to find lodging for the night. He didn't care about a swimming pool or a king-size bed, or a free continental breakfast. The only amenity that mattered was indoor plumbing..AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something \*is reaching for him-that's all he could recall, hands clutching at him out of the dark-and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed..Along the hall, every step measured, he stayed near the wall farthest from the staircase..The little hands, so weak now but someday strong: Would they eventually be capable of savagery, as were the father's hands? Misbegotten offspring. This seed of a demonic man whom Phimie herself had called sick and evil. However innocent-looking now, what pain might she eventually in-- on others? What outrages might she commit in years to come? Although Celestina searched intently, she could not glimpse the father's evil in the child..As kinky and thrilling as it had been to make love to the girl while playing the recorded rough draft of a new sermon that she had been transcribing for her father, Junior could now recall nothing of what the reverend had said, only the tone and the timbre of his voice. Whether instinct, nervous irritation, or merely the sherry should be blamed, he was troubled by the thought that there was something significant about the content of that tape..After Maria, Bonita, and Francesca had gone, when Agnes and her brothers joined forces to clear the table and wash the dishes, Barty kissed them good-night and retired to his room with The Star Beast..Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician..Vanadium nodded. "And I'd like to hear about Cain's reactions in more detail. I've read your reports, of course, and they've been thorough, but necessarily condensed. There'll be lots of subtleties that only reveal themselves in conversation. Often, the apparently insignificant details are the most important to me when I'm devising strategy." Nothing he had learned about the supernatural had led him closer to

a belief in ghosts and in all that ghosts implied. His faith still reposed entirely in Enoch Cain Jr., and he refused to make room on his altar for anyone or anything other than himself. "You figure all this," Jolene asked, "because Mother Nature gives us a nice warm day in January?" "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there." Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket. Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands. In regard for Barty's tender age, Dr. Franklin Chan had arranged for Agnes to spend the night in her son's room, in the second bed, which currently wasn't needed for a patient. Agnes got out of bed, switched on the lamp, and tucked Barty in once more. "Say your silent prayers." EDOM AND THE PIES, into the blue morning following the storm, had a schedule to keep and the hungry to satisfy. Trees also revealed Barty, and no radiance from another world shone spectrally through him, as it had shone through Joey-dead-and-risen. As to the distressing matter of Seraphim's daughter, Junior at first decided to return to San Francisco to torture the truth out of Nolly Wulfstan. Then he realized that he'd been referred to Wulfstan by the same man who had told him that Thomas Vanadium was missing and was believed to be Victoria Bressler's killer. Following a splendid lunch, having just left the fourth gallery on his list and strolling toward the fifth, Junior didn't at once see the source of the quarters. Indeed, when the first three rapid-fire coins hit the side of his face, he didn't even know what they were. Startled, he flinched and looked down as he heard them ring off the sidewalk. He was entombed in one of those memorial walls, well above ground level, where nothing was likely to seep into them. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. By telephone, he had been prepared for this boy. Strange as it was to find a Bartholomew in their lives, given Enoch Cain's peculiar obsession, Tom nonetheless agreed with Celestina that the wife killer could have no way to know about this child and could certainly have no logical reason to fear him. The only thing they had in common was Harrison White's sermon, which had inspired this boy's name and might have planted the seed of guilt in Cain's mind. Granted that he was only three going on four, nevertheless Barty had never met anyone with as much cheerful imagination as Angel. He intended to marry her in, oh, maybe twenty years. Hope became easier to sustain when late 1966 and 1967 brought the biggest advance in women's fashions since the invention of the sewing needle: the miniskirt, and then the micromini. Already, Mary Quant-of all things, a British designer-had conquered England and Europe with her splendid creation; now she brought America out of the dark ages of psychopathic modesty. Curiously, reciting these facts usually calmed him, as though speaking of disaster would ward it off. Since Friday, however, he had found no comfort in his usual routines. "Sure. That's how it works with everything. Everything that can happen does happen, and each different way of happening makes a whole new place." "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?" "I'll come by at eight o'clock for breakfast," Wally suggested. "We have to set a date." Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching. Prosser-fifty-six, a widower, an accountant-had a thirty-year-old daughter, Zelda, who was an attorney in San Francisco. Junior had driven to Terra Linda previously, to research the accountant; he already knew Prosser had no connection to Seraphim's fateful child. In a minute or two, one of the cops returned, crouching close as the medics worked. "There's no intruder." twenty-eight pounds. Typically, seven to eight pounds of this is the fetus. The placenta and the amniotic fluid weigh three pounds. The remaining eighteen are due to water retention and fat stores. Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done. Tom didn't know what to make of this bit of information, so he said, "That's a lot."
