

A TREATISE ON AURAL SURGERY

"We couldn't hide the wrestle we'd had with him, though we said as little about it as we could. And many there said good riddance, for he'd always been half mad, and now was mad entirely..One morning one of Alder's cowboys turned up in the front yard riding a horse and leading a saddled mule. "Master Alder says Master Otak can ride her, it being a ten-twelve miles out to the East Fields," the young man said.. He put his bad arm inside his shirt and kept his good hand pressed to his hip joint, which made it a little easier to walk. The walls narrowed gradually to a passage. Here the roof was much lower, just above his head. Water seeped down one wall and gathered in little pools among the rocks underfoot. It was not the marvelous red palace of Tinaral's vision, mystic silvery runes on high branching columns. It was only the earth, only dirt, rock, water. The air was cool and still. Away from the dripping of the stream it was silent. Outside the gleam of werelight it was dark..but, hanging in the air, it turned to the music. I walked among the tables. The soft plastic.. More central than Enlad, Havnor was better placed for trade and for sending out fleets to protect the Hardic islands against Kargish raids and forays.. "I couldn't. They'd know. He had to regain it all, to go through it all, searching. Over and over he stood in that tower room and looked at the woman, and she looked at him. Over and over he walked through the little valley, through the dry grass, through the wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He saw the red ridge of the mountain in the dawn. Anieb died while he held her, her

ruined face against his arm. He asked her who she was, and what they had done, and how they had done it, but she could not answer him. He hard-boiled the three new eggs and one already in the larder and put them into a pouch along House, but inside the wood it was all shadows. Otter stood motionless, effaced, as Anieb had stood in the room in the tower. "Spoken like a man," said Veil with her gentle, wounded smile. "Get the sail down," Medra said, peremptory. The master yawned and cursed and began to shout commands. The crewmen got up slowly and slowly began to rake the awkward sail in, and the oarman, after asking several questions of the master and Medra, began to roar at the slaves and stride among them rousing them right and left with his knotted rope. The sail was half down, the sweeps half manned, Medra's staying spell half spoken, when the witchwind struck. But for some decades the kings of Hupun had been in conflict with the high priest and his followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him. The Ring that was to bond the two kingdoms was broken. In the arcane Lore of Paln, He checked the henhouse, finding three eggs. Red Bucca was setting. Her eggs were about due to hatch. The mites were bothering her, and she looked scruffy and jaded. He said a few words against mites, told himself to remember to clean out the nest box as soon as the chicks hatched, and went on to the poultry yard, where Brown Bucca and Grey and Leggings and Candor and the King huddled under the eaves making soft, shrewish remarks about rain. All the time he was with Gelluk, he had tried to learn from him, tried to understand what the wizard was telling him. Yet he was certain, now, that Gelluk's ideas, the teaching he so eagerly imparted, had nothing to do with his power or with any true power. Mining and refining were indeed great crafts with their own mysteries and masteries, but Gelluk seemed to know nothing of those arts. His talk of the Allking and the Red Mother was mere words. And not the right words. But how did Otter know that?..I can protect you here, and have done so. On Roke, of course, you'll be perfectly safe.
