"Would you like some fresh curds? It makes a good breakfast." She was eyeing him, but not for long, and not meeting his eyes. Like an animal, like a cat, she was, sizing him up but not challenging. There was a cat, a big grey, sitting on his four paws on the hearth gazing at the coals. Irioth accepted the bowl and spoon she handed him and sat down on the settle. The cat jumped up beside him and purred..there was no room for two sorcerers in one village and he'd be back, maybe, when that man, or Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above. weatherworker had a bag, a great long sack or a little pouch..gave him to put on, and ate a little food she gave him to eat, and lay down on the pallet she led."They show me what I should do," Irioth said, "and who I am. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently..".I'll know. Telling his story he had kept back tears. He could not do so now.. Diamond thought his father meant the business -- the loggers, the sawyers, the sawmill, the chestnut groves, the pickers, the carters, the carts -- all that work and talk and planning, complicated, adult matters. He never felt that it had much to do with him, so how was he to have as much to do with it as his father expected? Maybe he'd find out when he grew up.. "I can't," he said, and stopped, and went on, "I really don't want to have any dancing." he'll likely find another dowser.. How long had he been standing here? Why was he standing here? He had been thinking about mud, about the floor, about Silence. Had he been out walking on the path above the Overfell? No, that was years ago, years ago, in the sunlight. It was raining. He had fed the chickens, and come back to the house with three eggs, they were still warm in his hand, silky brown lukewarm eggs, and the sound of thunder was still in his mind, the vibration of thunder was in his bones, in his feet. Thunder?. Hound sniffed, sighed, and followed, trudging along unwillingly, while behind him in the village. agreement known as verw nadan, Vedurnan, the Division.. No. There had been a thunderclap, a while ago. This was not thunder. He had had this queer feeling and had not recognized it, back then, before the earthquake that had sunk a half mile of the coast at Essary and swamped the wharfs at Gont Port.. She said nothing, but breathed very warm in his ear, and he moaned. His hands clenched hers. He drew back a little. She drew back. They sat back on their ankles.. So he came to feel that those hours were true meetings with her, and he lived for them, without knowing what he lived for until his feet were on the cobbles, and his eyes on the harbor and the far line of the sea. Then he remembered what was worth remembering.. quarreled with a stable boy, and turned the poor lad into a lump of dung. When the wizards had got. That night, over supper at the waterfront inn, she asked with unusual timidity in her voice, "Do I have great gifts?". The young man slept on a pallet under the little west window of Dulse's house for three years. He learned wizardry, fed the chickens, milked the cow. He suggested, once, that Dulse keep goats. He had not said anything for a week or so, a cold, wet week of autumn. He said, "You might keep some goats.".. through. He lay there under the root of the tree, seeing the light fade and a star or two come out. "You have a gift for the business," Crow said. "You know where to look. Went straight to that bestiary in the barn loft... But there's nothing much to look for here. Nothing of importance. Ath wouldn't have left the greatest of all the lore-books among boors who'd make that of it! Take us to Pody if you like. And then back to Orrimy. I've had about enough.".. smiled.. Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like. enemy, he had one such group investigated. They turned out to be a lot of old women, midwives.. She began to laugh; she was convulsed with laughter. Then suddenly she broke off.. He reached out towards Yaved, towards the ache, the suffering. As he came closer to it he felt a great strength flow into him from the west, as if Silence had taken him by the hand after all. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. We can be easy.".. "It means only hurt. Hate, pride, greed.".. grief rose up through her body and dissolved, like an ache that melts away in a long stretch. He. thought. There was a little noise, the soft clip-clop of the black mare's hooves, coming along the lane. Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him.
