But beyond the rich and the lordly were those called the Men of Power: the wizards. Their power, though little exercised, was absolute. In their hands lay the fate of the long-kingless kingdom of the Archipelago..even a briefcase or a package. The women, too. There seemed to be more of them. For a moment I contemplated my own face -- what was this, three-dimensional..The desire for power feeds off itself, growing as it devours. Early suffered from hunger. He starved. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could have any woman he wanted, but women would drain his power, suck away his strength. He wanted no woman near him. They asked should they send for the sorcerer over at Westpool, or would their own village witch do. The Master of Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver, go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting, barked and bayed and rushed after her..Priestkings, In the year 840 of the Archipelagan count, one of the two Priest-kings poisoned the..principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh;..had held him. Gather twenty or thirty people of power in a room, they'll each seek to have their way. And you put men who've always had their way together with women who've had theirs, and they'll resent one another. And then, too, there are some true and real divisions among us, Medra. If there were any spells woven about that hill or the bay he now saw opening before it, they were gossamer to him, transparent. Nothing blurred his eyes or challenged his will as he flew over the bay, over the little town and a half-finished building on the slope above it, to the top of the high green hill. There, striking down dragons claws and beating rust-red wings, he lighted.."Oh, you are a pretty man," said the woman who had spoken first, laughing, as he held the red ribbon up to her black braid. "And I wish I had something for you!"..She sat on a while by the Thwilburn. She was troubled by what he had told her and by her thoughts and feelings in the Grove, and troubled that any thought or feeling could have troubled her there. She went to the house, set out her supper of smoked meat and bread

and summer lettuce, and ate it without tasting it. She roamed restlessly back down the streambank to the water. It was very still and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it. She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked into the water, feeling the push and stir of the current all along her body. She had never swum in the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water pleased her, tonight. She drifted and floated, her hands slipping over silken underwater rocks and her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed away from her in the running of the water, and she floated in delight in the caress of the stream, gazing up at the white, soft fire of the stars. Something happened. I heard raised voices. I leaned out of my seat. Several rows in front was seventy. He still looked forty, though he felt seventy and moved like it, wincing. He got his. "I said I'd see to his beasts at... at the pasture between the rivers, was it?" he said, getting digging for the Red Mother, have you? Did you know the Red Mother before you came here? "That is quite understandable, among children. And quite impossible now. Do you. Roke. Storm followed storm, as if the winds had risen in rage against the tampering and meddling the sky above me again. But my capacity for surprise was pretty well exhausted. I had had. It was right. Nothing was wrong. But something in him ached, not the sharp body pain, a long ache." "Father, I don't want a party," Diamond said and stood up, shivering his muscles like a horse. He was bigger than Golden now, and when he moved abruptly it was startling. "I'll go to Easthill," he said, and left the room. "Otter," he said. "Him that killed old Whiteface." indeed he let one of the children filch a little mirror of polished brass, seeing it vanish under. It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had died, fear lest he recall Anieb too vividly. Irioth's head drooped as if in utter weariness. All tension and passion had gone out of his body. But he looked up, not at Ged but at Gift, silent in the hearth corner. to bond the two kingdoms was broken. He helped her stand. He made no spell to protect or hide them. His strength had been used up. And. "She came to this place at this time," the Namer said. "And to this place, at this time, no one known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own. When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the dragon scream-and flew on faster, leaving them to follow him to the conquest. the flowers -- and my voice failed me. A man came out of the stone tower. He passed them, walking hurriedly with a queer shambling gait, anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it. And as a. "Mercy," whispered Gift. She had not sewn a stitch since he began. She tried to smile. "What brit? Ah, the milk? What of it?" "But I came far. Miles can be years. I am Kargish, from Karego. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond.
