In the time of the kings, mages gathered in the court of Enlad and later in the court of Havnor to me the guest book; I signed it and rode up, holding a small, triangular ticket. Someone -- I have. I paced the room. She followed me with her eyes, as if I were. . . as if she stood in a cage. "I'll bring food," he said, and strode on, quickening his pace so that he vanished soon, though. fault and they would know nothing about it. He thought about it for a long time, working out how. act of doing things well. "It's not Roke magic," the old man said. His voice was dry, a little forced. "Not to do with the Old Powers, either. Nothing of that sort. Nothing sticky." Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star. rapidly at anyone's approach; at last I found an exit. The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes. foolish and the wise, all must obey them, or waste life and come to grief." Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as she went about the house. He held the wizard's letter and reread the message and the two runes many times. The cold and sluggish mind that had been born in him that morning down in the shallows accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game to him, a game to play with Darkrose. Even the names of the True Speech that he had learned in the wizard's house, though he knew the beauty and the power that lay in them, he could let go, let slip, forget. That was not his language. increasingly on wizards to fend off dragons and Kargish fleets. In the Havnorian Lay and The Deed. King!" there was a light that was not werelight. He went forward. They went through long-disused levels, yet the wizard seemed to know every step, or perhaps he did not know the way and was wandering without heed. He talked, turning sometimes to Otter to guide him or warn him, then going on, talking on. She stretched, feeling the ease of her body in the warmth, and her mind drifted back to Ivory. She was empty, clear. She stood still and her soul seemed to go into that sky and be gone, gone out of. must not feel shame. The fault was his, and mine." She had never seen where he lived. He slept wherever he chose to, she imagined, in these warm summer nights, She asked him where the food they ate came from; what the School did not supply for itself, he said, the farmers round about provided, considering themselves well recompensed by the protections the Masters set on their flocks and fields and orchards. That made sense to her. On Way, "a wizard without his porridge" meant something unprecedented, unheard-of. But she was no wizard, and so, thinking to earn her porridge, she did her best to repair the Otter's House, borrowing tools from a farmer and buying nails and plaster in Thwil Town, for she still had half the cheese money. and lodging, for a wizard of Roke should not take advantage of people's willingness to give him. "Before the dragon came, the Summoner too had returned from death, where he can go, where his art can take him. He had seen our lord and the young king there, in that country across the wall of stones. He said they would not come back. He said Lord Sparrowhawk had told him to come back to us, to life, to bear that word. So we grieved for our lord. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (81 of 111) [2/5/2004 12:33:31 AM]. about Roke and did not answer when he spoke. And he stood up, supple and. He hard-boiled the three new eggs and one already in the larder and put them into a pouch along with four apples and a bladder of resinated wine, in case he had to stay out all night. He shrugged arthritically into his heavy cloak, took up his staff, told the fire to go out, and left..So well in hand did Early have Losen's men that within two days the great fleet set forth from Havnor, gathering its tributaries on the way. Eighty ships sailed past Ark and Ilie on a true and steady magewind that bore them straight for Roke. Sometimes Early in his white silk robe, holding a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of the lead galley, whose hundred oars flashed beating like the wings of a gull. Sometimes he was himself the gull, or an eagle, or a dragon, who flew above and before the fleet, and when the men saw him flying thus they shouted, "The dragonlord! the dragonlord!"..along with him. Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of. Yevaud of Pendor was the only dragon to raid the Inward Lands after the time of the Maharion's mage-counselor and inseparable friend was a commoner and "fatherless man," a village witch's son from inland Havnor. The most beloved hero of the Archipelago, his story is told in The Deed of Erreth-Akbe, which bards sing at the Long Dance of midsummer.. All the teachers of the art magic on Roke were women. There were no men of power, few men at all.. I must be going now, I told them voicelessly, with my lips only. I began to back off in the. King Maharion sought peace and never found it. While Erreth-Akbe was in Karego-At (which may have been a period of years), the depredations of the dragons increased. The Inward Isles were troubled by refugees fleeing the western lands and by interruptions to shipping and trade, since the dragons had taken to setting fire to boats that went west of Hosk, and harried ships even in the Inmost Sea. All the wizards and armed men Maharion could command went out to fight the dragons, and he went with them himself four times; but swords and arrows were little use against armored, fire-spouting, flying enemies. Paln was "a plain of charcoal," and villages and towns in the west of Havnor had been burnt to the ground. The king's wizards had spell-caught and killed several dragons over the Pelnish Sea, which probably increased the dragons' ire. Just as Erreth-Akbe returned, the Great Dragon Orm flew to the City of Havnor and threatened the towers of the king's palace with fire..passengers.
