

AN EXEGETICAL COMMENTARY ON THE GOSPEL ACCORDING TO S MATTHEW

This was one of many things about Agnes that amazed Edom. If he had dared to make a list of all the qualities that he admired in her, he would have sunk into despair at the consideration of how much better she had coped with adversity than either he or Jacob. Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place. Sitting in Simon Magusson's mahogany-paneled office, reading the contents of this file, Junior was aghast. "I could have been killed." Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish. Eventually he found himself alone at the large viewing window of the neonatal-care unit. Seven newborns were in residence. Fixed to the foot of each of the seven bassinets was a placard on which was printed the name of the baby. Junior hoped that he hadn't been betrayed by eyeshine in the fraction of a second before he closed his eyes to slits. They were inseparable, her son and this cherished girl, as they had been virtually since the moment they had met, more than six years ago. The special perception that they shared--all the ways things are--accounted for part of their closeness, but only part. The bond between them was so deep that it defied understanding, as mysterious as the concept of the Trinity, three gods in one. Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under." He couldn't work up sufficient saliva to get the rasp out of his voice: "Then you could learn to do it." A deep storm of silence, anti-thunder, the house fully drenched in a muffling rain of soundlessness. Through the big window beyond her, the charry branches of the massive oak tree formed a black cat's cradle against the sky, leaves quivering slightly, as though nature herself trembled in trepidation of what Junior Cain might do. As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries." Visibly nonplussed by Junior's blithe failure to terminate the handshake when the shaking stopped, the fussy Neddy didn't want to be so rude as to yank his hand loose, or to cause a scene regardless of how small, but Junior, smiling and pretending to be as socially dense as concrete, failed to respond to a polite tug. So Neddy waited, allowing his hand to be held, and his face, previously as white as piano keys, brightened to a shade of pink that clashed with his red boutonniere. Junior considered slipping quietly around the house, peering in windows, to be sure she was alone, before approaching directly. If she saw him, however, his wonderful surprise would be spoiled. Junior couldn't see the lights of the nearest other houses. Either those structures were screened by trees or the neighbors weren't home. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?" trees also revealed Barty, and no radiance from another world shone spectrally through him, as it had shone through Joey-dead-and-risen. Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling. into darkness, Celestina sat down to dinner with her mother and her father in the dining room of the parsonage. First, he searched immediately around the dead man, figuring that the watch might still be snared on the coat belt or on one of the sleeve straps. No luck. If Junior had realized that they were driving only a block and a half, he wouldn't have followed them in the Mercedes. He would have gone the rest of the way on foot. When he pulled to the curb again, a few car lengths behind the Buick, he wondered if he had been spotted. 1969 through 1973: the Year of the Rooster, chased by the Year of the Dog, followed fast by the Pig, faster by the Rat, with the Ox passing in a stampede pace. Eisenhower dead. Armstrong, Collins, Aldrin on the moon: one giant step on soil untouched by war. Hot pants, plane hijackings, psychedelic art. Sharon Tate and friends murdered by Manson's girls seven days before Woodstock, the Age of Aquarius stillborn, but the death unrecognized for years. McCartney split, Beatles dissolved. Earthquake in Los Angeles, Truman dead, Vietnam sliding into chaos, riots in Ireland, a new war in the Middle East, Watergate. Agnes could almost visualize the three-dimensional geometric model that her little prodigy had created in his mind, which he now relied upon to reach the upper floor without a serious stumble. Pride, wonder, and sorrow pulled her heart in different directions. But when the lore-books of a wizard came into a warlord's hands he was likely to treat them with caution, locking them away to keep them harmless or giving them to a wizard in his hire to do with as he wished. In the margins of the spells and word lists and in the endpapers of these books of lore a wizard or his prentice might record a plague, a famine, a raid, a change of masters, along with the spells worked in such events and their success or unsuccess. Such random records reveal a clear moment here and there, though all between those moments is darkness. They are like glimpses of a lighted ship far out at sea, in darkness, in the rain. The voice continued, issuing from a device that stood on the desk beside the phone. "Please don't bang up. This is a telephone answering machine Leave a message after you hear the tone, and I will return your call later ". In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case. "Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it." He might have felt properly foolish if he had not suffered so much personal experience of Enoch Cain. This was a false alarm, but considering the nature of the enemy, it wasn't a bad idea to put himself through a drill from time to

time.. "Sure. That's how it works with everything. Everything that can happen does happen, and each different way of happening makes a whole new place." When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew..She shook her head. "No way back." She pointed to the sketch pad on the floor. "I pushed him there." Life was too short to waste it working if you had the means to afford lifelong leisure.. "Don't worry, love. I'll make sure the snap's are constructed so you can get it off me easily enough." "He's an attorney, and this grieving husband comes to him with a big liability case. There's money to be made." The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day." That same day, he dared to visit two galleries. Neither of them had a pewter candlestick on display..Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you." "That's correct," Parkhurst said. "Probably one or more small blood vessels ruptured from the extreme violence of the emesis." A flicker of complacency showed in Otters tired, battered young face. "No," he said. "I don't think anybody can." In Maria's kitchen, still just four days past Christmas, Agnes let dissolve her stoic mask, and wept at last..A pang of regret pierced her, that her boy's precocity should deny him this fine fantasy, as her morose father had denied it to her. "He's real," she asserted.. "Wally," Celestina said, without hesitation, because suddenly she saw something of a Wally in his green eyes, which were livelier than they had been before..Astonished and appalled by the cop's insensitivity, Junior said, "You just drop this on me? I lost my wife and my baby. My wife and my baby." Calling after her, Agnes said, "No, wait, sugarpie. He should be coming down right now, before it gets dark." All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here..Agnes hoped that the boy would spend a night or two in her room, until he was reoriented to the house. But Barty wanted to sleep in his own bed..Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke.. "It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?" He was surprised they had come so soon, less than twenty-four hours after the tragedy. This was especially unusual, considering that a homicide detective was obsessed with the idea that rotting wood, alone, was not responsible for Naomi's death..In Room 724, standing alone at her sister's bedside, watching the girl sleep, Celestina told herself that she was coping well. She could handle this unnerving development without calling in either of her parents..a scene out of a movie about Robin Hood: a battle with cudgels on a slippery log bridge over a river. "Yes. I ... I'm still soaked with sweat." After the paralytic bladder seizures had passed and Junior had drained Lake Mead, Chicane recommended plenty of caffeine and sugar to guard against an unlikely but not impossible spontaneous return to a trance state. "Anyway, after pumping alpha waves for as long as you just did, you shouldn't actually need to sleep anytime soon." The night was hushed but for the barking of a dog in the great distance. Hollow, far softer than the ghostly singing that had recently haunted Junior, the rough voice of this hound nevertheless stirred him, spoke to an essential aspect of his heart..He decided that he must never again kill so impetuously. Never. In fact, he vowed never again to kill at all, except in self-defense. Soon he would be rich-with much to lose if he was caught. Homicide was a marvelous adventure; sadly, however, it was an entertainment that he could no longer afford..Indeed, even the distinct fragrance of pulp paper, yellow with age, was alone sufficient to start him fantasizing..He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me." In his mind, he carried a blueprint of the house more precisely drawn than anything that might have been prepared by an architect. He knew the place to the inch, and he adjusted his pace and all his mental calculations every month to compensate for his steady growth. So many paces from here to there. Every turn and every peculiarity of the floor plan committed indelibly to memory. A journey like this was a complicated mathematical problem, but being a math prodigy, he moved through his home almost as easily as when he had enjoyed sight..He stepped into the house, quietly closed the front door, and examined the bottle. The glass was thick, especially at the base, where a large punt--a deep indentation--encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow..If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls.. "When you cut Naomi's string, you put an end to the effects that I her music would have on the lives of others and on the shape of the future. YOU struck a discord that can be heard, however faintly, all the way to the farthest end of the universe." So much argued against the idea that they could succeed as a couple. In this age when race supposedly didn't matter anymore, it sometimes seemed to matter more year by year. Age mattered, too, and at fifty, he was twenty-six years older than she was, old enough to be her father, as surely her father would quietly but pointedly--and repeatedly!--observe. He was highly educated, with multiple medical degrees, and she had gone to art school.. "It was... the only dream that mattered," Joey said. "You ... loving me. It was a good life because of you." The mortician and his assistant had nearly finished dismantling the frame of the winch. Soon a worker would close the hole.. "This card to mean also is family love, and is love from many friends, not just to be kissy-kissy love," Maria elucidated..The five tales in this book explore or extend the world established by the first four Earthsea novels.

Each is a story in its own right, but they will profit by being read after, not before, the novels..Junior no longer leaned casually on the casing. He put both hands flat against the door..Edom marveled at Agnes's ability to rise above the past and to transcend so many years of torment. She was able to see the house as simple shelter, whereas to her brothers, it was-and always would be-the place in which their spirits had been shattered. Even living within sight of it would have been out of the question if they had been employed, with options..After examining Phimie, who was nauseous, Daines prescribed an anticonvulsant, an antiemetic, and a sedative, all intravenously..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob.,Rising from his chair and rolling down his shirt-sleeves, Nolly said, "If you'll be our guest for dinner, I suspect we'll all have a fascinating evenings."..Avoiding the graveled driveway, on which he was more likely to scuff his freshly polished loafers, he approached the house across the lawn, beneath the moon-sifting branches of a great pine that made itself useless for Christmas by spreading as majestically as an oak..Strangely, as sometimes happened in this room, his missing toe itched. There was no point in removing his shoe and sock to scratch the stump, because that would provide no relief. Curiously, the itch was in the phantom toe itself, where it could never be scratched..Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you..She nodded. And could not lift her gaze from her hands. Could not meet his eyes, afraid that his worry would feed her own, afraid also that the sight of his sympathy would shake loose her perilous grip on her emotions..A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life..The investigator's suite-a minuscule waiting room and a small office-lacked a secretary but surely harbored all manner of vermin.."I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them."..In this brighter light, he further examined the gallery brochure and discovered Celestina's photograph. She and her sister were not as alike as twins, but the resemblance was striking..He phoned her before leaving, to be sure she was home. She didn't work weekend shifts at the hospital; but maybe she would have gone out on this night off. When she answered, he recognized her seductive voice-and devilishly muttered, "Wrong number.".."Retinoblastoma is usually unilateral," Dr. Chan continued, "occurring in one eye. Bartholomew has tumors in both."..During the rest of that first year, he walked to Palm Springs and back, a round trip of more than two hundred miles, and north to Santa Barbara..On the short return trip to the ophthahnologist, Agnes crazily considered driving past Chan's office building, cruising onward--ever onward-into the sparkling December night, not just back to Bright Beach, where the bad news would simply come by phone, but to places so far away that the diagnosis could never catch up to them, where the disease would remain unnamed and therefore would have no power over Barty..Round one hit Ichabod in the left thigh, because Junior fired while bringing the weapon up from his side, but the next two were solid torso scores. This was not bad for an amateur, even if the distance to target was nearly short enough to define their encounter as hand-to-hand combat, and Junior decided that if the deformation of his left foot hadn't prevented him from fighting in Vietnam, he would have acquitted himself exceptionally well in the war..At 3:3 1 A.M., even the early-winter dawn wasn't near, yet Junior was too awake to return to bed. Though sweet, though melancholy, never ominous, the ghostly singing had left him feeling ... threatened. He considered taking a shower and getting an early start on the day. But he kept remembering Psycho: Anthony Perkins dressed in women's clothes and wielding a butcher knife..This baffled Junior. To the best of his recollection, during the weeks that Seraphim had come to him for physical therapy, she had never mentioned an older sister or any sister at all..He knew that he needed to get a grip on himself. But he could not keep his breathing slow and deep, couldn't remember any of Zedd's other foolproof methods of self-control, couldn't recall a single useful meditative technique..She worried that he would need to go to the bathroom during the night and that, half asleep, he might turn the wrong way, toward the stairs, and fall. Three times they paced off the route from the doorway of his room to the hall bath. She would have walked it a hundred times and still not been satisfied, but Barty said, "Okay, I've got it."..In the living room, the central and largest window framed a magnificent view, and swagged silk brocatelle draperies framed the window. An oversize hand-painted and heavily gilded chaise lounge, upholstered in an exquisite tapestry, stood against this backdrop of city and silk, and Renee pulled Junior down upon the chaise, desperate to be ravished there..Friday morning, Junior resigned his position as a physical therapist at the rehabilitation hospital. He expected to be able to live well off interest and dividends for the rest of his life, because his tastes were modest.."He's crafty, you say. Can you use him?".."Bullpoop might not be what they say, but it's the worst that we say. And in fact, in this house, bulldoody is preferred."..Edom and Jacob came to the house, asking what Dr. Chan had said, and Agnes lied to them. "There are some test results we won't have until Monday, but he thinks Barty is going to be all right."..The minister's threat had been forgotten, repressed. At the time, only half--heard, merely kinky background to lovemaking, these words had amused Junior, and he'd given no serious thought to their meaning, to the message of retribution contained in them. Now, in this moment of extreme danger, the inflamed boil of repressed memory burst under pressure, and Junior was shocked, stunned, to realize that the minister had put a curse on him!.Furious, he squeezed off two shots. Passing the living-room archway, Tom saw Jacob in the armchair, under the reading lamp, slumped as if asleep over the book. His crimson bib confirmed

that he wasn't just sleeping..Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks tableau..Industrial Woman, which he'd purchased for a little more than nine thousand dollars, less than eighteen months ago and at another gallery, would fetch at least thirty thousand in the current market, so rapidly had Baval Poriferan's reputation risen..By the time his ferocious in-laws had finished with him, Junior would have won the sympathy of Knacker, Hisscus, Nork, and everyone else who might have harbored doubts about his role in Naomi's demise. Perhaps even Thomas Vanadium would find his suspicion worn away..On he went, up he went, trunk to limb, limb to branch, branch to limb, to limb, to trunk. Hand over hand up the vertical parts, gripping with his knees, then standing and walking like a tightrope artist along limbs horizontal to the ground, swinging over empty air and stepping from one woody walkway to another, ever upward toward the highest bower, dwindling as though he were growing younger during the ascent, becoming a smaller and smaller boy. Forty feet, fifty feet, already far higher than the house, striving toward the green citadel at the summit..Unable to continue Tehanu's story (because it hadn't happened yet) and foolishly assuming that the story of Ged and Tenar had reached its happily-ever-after, I gave the book a subtitle: "The Last Book of Earthsea."."Sometimes these sympathetic vibrations are very apparent, but alot of the time, they're so subtle that you can hear them only if you're unusually perceptive."..For the first few bites of crab in a light cornmeal crust, Nolly suspended their conversation. Bliss..Glancing at the plump pie in Edom's hands, the gentleman replied to Agnes in a musical yet gravelly voice worthy of Louis Armstrong: "You must be the lady Reverend Collins told me about."..Kathleen savored her martini. "Mmmm ... as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet."..Highly impressed by the spot-on hyena scream with which Frieda had purged herself of the childhood emotional trauma inflicted by an authoritarian grandmother, Junior asked her to go out with him..Fascinated by this strange new realm, Angel returned to her chair periodically, between explorations, to sip apple juice and to reveal her latest discoveries: "They got yellow shelf paper. They got potatoes in a drawer. They got four kinds of pickles in the refrigerator. They got a toaster under a sock with pictures of birds on it."..The heavy hand would come down on his shoulder, he would be spun around against his will, and there before him would be those nailhead eyes, the port-wine stain, facial bones crushed by a bludgeon.....Friday, after dinner, when he'd heard enough of Maria's method of fortune-telling to know that four decks were required, that only every third draw was read, and that aces-especially red aces-were the most propitious cards to receive, Jacob had taken great pleasure in preparing for Barty the most favorable first eight cards that could possibly be dealt. This was a small gift to cheer Agnes, on whose heart Joey's death weighed as heavily as iron chains..She refused to look at him, the way her mother had refused to look at him when he'd been making love to her in the parsonage. She began twisting a red pencil in a handheld sharpener, making sure that the shavings fell into a can kept for that purpose. "I saw it here."..When he came to himself, sick and weak from the poison and with an aching skull, he was in a room with brick walls and bricked-up windows. The door had no bars and no visible lock. But when he tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging, tightening as he moved. He could stand, but could not take a step towards the door. He could not even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat down again and tried to hold still. The spellbonds around his chest kept him from breathing deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for them..Maria, puzzled but cooperative, left the room as instructed, and Barty removed the correct book from the stack on the table, without anyone's guidance. He sat in the armchair at his mother's side and began to read:
