

JELS A COMPARATIVE STUDY OF THE INTERNATIONAL EU AND CHINESE REGUL

"Oh Di," she said, "it will be awful when you go." to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, Weary, evil dreams of suffocation came to him, but took no hold on him. He breathed deep. He slept. He was glad to see the sorcerer uneasy too, standing by the helmsman, keeping a watch up on the masthead, taking in sail at the hint of a west wind. But the wind held steady from the north. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do, if only they could come to Roke..the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous. Darkrose would come to his mind only when he was down at the docks, staring out at the water of it. He went down to the stream in which he had been named. He drank, washed his hands and face..Dragons are born knowing the True Speech, or, as Ged put it, "the dragon and the speech of the dragon are one." If human beings originally shared that innate knowledge or identity, they lost it as they lost their dragon nature..she flew up the steps and ran clean through the singer -- then hurried on; the one who was..had books, the Chronicles of Enlad and the History of the Wise Heroes. The big, white-haired man, Kurremkarmerruk the Namer, was standing just down the path. He had not been standing there until the other mage said 'Ah.' Irian stared from one to the other in blank bewilderment.. "She gave me freedom," he said. "And I still feel that all I do is done through her and for her..No wind. No birdcall. No distant lowing or bleating or call of voice. As if all the island had gone still. Not a fly buzzed..my honor and thanks to you. They came to the doorway of the..He was so distraught that when he made up his mind to call Silence he could not think of the..In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word tures. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong..that gleamed like armor..of Geath to the east was a galley carrying whale oil to O Port. And you have no wizards in the Kargish lands, I think.. "I can't. I'm terribly afraid.. "The Doorkeeper came back and said, "Come, Irian, and meet the Masters of Roke." Her heart began to go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room with a row of high pointed windows. A group of men stood there, and every one of them turned to look at her as she came into the room..TERMINAL PARK..not crowd once this morning.. "Nobody loves a sorcerer," said the Archmage. "Well, Irioth! Did I come all this way for you in..Silence nodded, acceptant as always..staring up at the words visible here and there between the rushes in the eaves, began to tremble..go in.. "During the voyage, however, he talked several times with Dragonfly, which made Ivory a bit uneasy..altogether. . . I was just going when you sat down.. "So the school on Roke got its first student from across the sea, together with its first librarian. The Book of Names,

which is kept now in the Isolate Tower, was the foundation of the knowledge and method of Naming, which is the foundation of the magic of Roke. The girl Dory, who as they said taught her teachers, became the mistress of all healing arts and the science of herbals, and established that mastery in high honor at Roke. Ard nodded. "It is irrevocable" ..such things. But his father raged at him for his "shortcuts," even struck him once on the mouth. Silence apparently did not notice the pause or the extreme softness of Dulse's voice. "I asked you not to," he said, "and it's not my need I spoke of. I talk enough for two. Never mind. You'll know what to say when the time comes. That's the art, eh? What to say, and when to say it. He held her close against him, trying to warm her..Otter felt as if he were being brought back to vivid life from interminable, dreary, dazed half sentience. At the wizards touch he did not feel the horror of the spellbond, but rather a gift of energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks Otter walked with unbound hands and no spell on him.."You already know it. You gave it to Flag. She gave it to you. Trust." "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only."Say it, then."
