He had left no spell traces as the mage did, said Hound, and it had.Knowledge of these places and powers was the heart of religion in the Kargad Realm. In the Archipelago, the lore of the Old Powers was still part of the profound, common basis of thought and reverence. On all the islands, the arts mostly practiced by witches, such as midwifery, healing, animal husbandry, dousing, mining and metallurgy, planting and growing spells, love spells, and so on, often invoked or drew upon the Old Powers. But the learned wizards of Roke had generally come to distrust the ancient practices and made no appeal to the "Powers of the Mother." Only in Paln did wizards combine the two practices, in the arcane, esoteric, and reputedly dangerous Pelnish Lore.."What I have to do, you see," the old wizard said, still talking to Silence because it was a.payment for the safe delivery of a son to Golden's head forester. Roke Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill, Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes to be in one place on the isle and sometimes in another, were the oldest trees in the world, and the source and center of magic..the impression you wanted to ask about something else. . . ?". "I'm not really good on the fife, but I'm good enough. What you didn't teach me, I can fill in with a spell, if I have to. And the band, they're all right. Labby isn't as bad as he looks. Women who work magic may practice periods of celibacy as well as fasting and other disciplines believed to purify and concentrate power; but most witches lead active sexual lives, having more freedom than most village women and less need to fear abuse. Many pledge "witch-troth" with another witch or an ordinary woman. They do not often marry men, and if they do, they are likely to choose a sorcerer..I avoided those insect arms stretched out to serve me, loaded with delicacies, which I defined in Hardic; but it is better to say that the runes are not words at all, but spells, or new clothes, a shirt or skirt or shift for every child, which was an old custom in the West of."Irian of Way, my lords," said the Doorkeeper.
