

E DISCOVERY TOOLS AND APPLICATIONS IN MODERN LIBRARIES

"You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. Turning away from the window, Tom met her gaze. His smoke-gray eyes looked frosted, as though the fog ghosts had passed through the window and possessed him. But then the flame on the table candle flared in a draft; lambent light melted the chill from his eyes, and she saw again the warmth and the beautiful sorrow that had impressed her before. Tom didn't attribute supernatural powers to this killer. Enoch Cain was mortal, not all-seeing and all-knowing. Evil and stupidity often go together, however, and arrogance is the offspring of their marriage, as Tom had earlier told Celestina. An arrogant man, not half as smart as he thinks, with no sense of right and wrong, with no capacity for remorse, can sometimes be so breathtakingly reckless that, ironically, his recklessness becomes his greatest strength. Because he is capable of anything, of taking risks that mere madmen wouldn't consider, his adversaries can never predict his actions, and surprise serves him well. If he also possesses animal cunning, a kind of deep intuitional shrewdness, he can react quickly to the negative consequences of his recklessness and can indeed appear to be more than human. Only a few theatergoers attended the matinee. No one sat near, so Google and Junior openly swapped packages: a five-by-six manila envelope to Google, a nine-by-twelve to Junior. "But the breed is nervous, dear. With a nervous breed, you just never know, do you?" Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot. After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones. She refused to look at him, the way her mother had refused to look at him when he'd been making love to her in the parsonage. She began twisting a red pencil in a handheld sharpener, making sure that the shavings fell into a can kept for that purpose. "I saw it here." "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." Closing her eyes, Agnes whispered, "Bartholomew," in a reverent voice full of wonder, full of awe. "Who is this?" he demanded, although for a demand, the words came out too thin, too squeaky. For each of them, Agnes put one scoop of vanilla ice cream in a tall glass of root beer, and after changing quickly into their pajamas, they sat together in Barty's bed, enjoying their treats, while she read aloud the last sixty pages of Starman Jones. KATHLEEN IN THE candlelight, her ginger eyes a glimmer with images of the amber flame. Icy martinis, extra olives in a shallow white dish. Beyond the tableside window, the legendary bay glimmered, too, darker and colder than Kathleen's eyes, and not a fraction as deep. to prayer instead, asking for the wisdom to understand why this was happening to her and for the strength to cope with her pain and with her loss. "You should've seen this, Kathleen. He's dodging people on the sidewalk, shoving them out of his way when he can't dodge them. Three long blocks, Jimmy and I watched the creep, till he turned the corner, three long blocks all uphill, and it's a hill that would kill an Olympic athlete, but he doesn't slow down once." "By the close of business tomorrow," said the lawyer, "I expect to have an offer for your consideration." This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings. Too late, Paul thought of the one more thing he had wanted to say. Too late, he said it anyway, "God bless you." The moonlight had faded and the gentle waves had ebbed out of his mind's eye. He concentrated, trying to force the phantom sea to flow back into view, but this was one of those rare occasions when a Zedd technique failed him. He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out. In November, Edom asked Maria Gonzalez to dinner and a movie. Although he was only six years older than Maria, both agreed that this was a date between friends, not really a boy-girl thing. Naked, dripping, he roamed the apartment. As on the night of December 13, the voice seemed to arise from thin air: ahead of him, then behind him, to the right, but now to the left. "Can't change your own form, even seemingly?" Junior blinked and dared not speak, because he didn't know any Bartholomew, and now he was certain the cop was weaving an elaborate web of deceit, setting a trap. Why would he have spoken a name that meant nothing to him? "I find you more than adequate in all ways that count. Besides, Joey was a generous and good lover. What he taught me, I can share." She smiled. "You'll find that I'm a darn good teacher, and I sense in you a star pupil." Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract. there in more genteel and gilded ages, and her flights of imagination sometimes acquired such vivid detail that they were eerily like memories. He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness. "Would you like a little tea and a piece of crumb cake?" Grace asked as smoothly as if, in *The Big Book of Etiquette for Ministers' Wives*, this were the preferred response to the announcement of a startling career change. Junior Cain definitely was not a crazed sex-killer, not driven to homicide by weird lusts beyond his control. A single night of sex and death—an indulgence never to be repeated—wouldn't require serious self-examination or a reconsideration of his self-image. "Paul," she said, "you've got a lovely house, but Celestina and Grace are doers. They need to keep occupied. They'll go stir-crazy if they don't stay busy. Am I right, ladies?" On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil. Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them. Leaving the engine running and the heater on, he got out of the car, leaned back inside, said, "Better lock up while I'm gone," and then closed his door. The slow-motion death ballet, in which

Bonnie and Clyde were riddled with bullets, was the worst moment Junior had ever heard in a film. He didn't see more than a brief glimpse of it, because he sat with his eyes squeezed shut. Nine days previously, at Google's instructions, Junior had rented boxes at two mail-receiving services, using the name John Pinchbeck at one, Richard Gammoner at the other, and then he had supplied those addresses to the papermaker. These were the two identities for which Google ultimately provided elaborate and convincing documentation..Because of the events regarding Barty and Angel back in January, Celestina, Grace, and Wally were no longer displaced persons waiting to return to San Francisco. They had begun anew here in Bright Beach; and judging by all indications, they were going to be as happy and as occupied with useful work as it was possible to be on this troubled side of the grave..This was different earthquake weather from that of ten days ago, when he'd made the pie deliveries alone. Then: blue sky, unseasonable warmth, low humidity. Now: low gray clouds, cool air, high humidity..The way one does research into nonexistent history is to tell the story and find out what happened. I believe this isn't very different from what historians of the so-called real world do. Even if we are present at some historic event, do we comprehend it-can we even remember it-until we can tell it as a story? And for events in times or places outside our own experience, we have nothing to go on but the stories other people tell us. Past events exist, after all, only in memory, which is a form of imagination. The event is real now, but once it's then, its continuing reality is entirely up to us, dependent on our energy and honesty. If we let it drop from memory, only imagination can restore the least glimmer of it. If we lie about the past, forcing it to tell a story we want it to tell, to mean what we want it to mean, it loses its reality, becomes a fake. To bring the past along with us through time in the hold-alls of myth and history is a heavy undertaking; but as Lao Tzu says, wise people march along with the baggage wagons.."Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective."Putting one hand on the object to which she referred, Barty said, "Mom and I were listening to a book when you got here. This is a talking book."He hesitated, because until the limited explanations he'd made to Celestina in San Francisco, he had never discussed his special perception with anyone except two priest counselors in the seminary. At first he felt uneasy, talking of these matters to strangers-as if he were making a confession to laity who held no authority to provide absolution but as he spoke to this hushed and intense gathering, his doubts fell away, and revelation seemed as natural as talk of the weather..At Tom Vanadium's request, the taxi dropped him one block from his new-and temporary-home shortly before ten o'clock in the evening..Then the old man taught it to him. But it wasn't much use, Otter thought, since he had to hide it..She appeared to be in her early thirties, perhaps six years older than Junior, but he didn't hold that against her. He wasn't any more prejudiced against older people than he was against people of other races and ethnic origins..Shortly after six o'clock, Saturday morning, she stirred from a fretful dream and saw Barty sitting up in bed, reading..Downstairs, two shots cracked, and an instant after the second, an explosion shook the parsonage as though the long-promised Judgment were at hand. This was a real explosion, not the impact of another runaway Pontiac.."Ordinarily, I'd recommend that you apply hot compresses every two hours to relieve discomfort and to hasten drainage, and I'd send you home with a prescription for an antibiotic."Chicane packed the ice against Junior's thighs. "Severe spasm causes inflammation. Twenty minutes of ice alternating with twenty minutes of massage, until the worst passes."Lipscomb shifted his gaze from the street below to the source of the rain. "Phimie was not gone long, perhaps a minute-a minute and ten seconds at most-and when she was with us again, it was clear from her condition that the cardiac arrest was most likely secondary to a massive cerebral incident. She was disoriented, paralysis on the right side ... with the distortion of the facial muscles that you saw. Her speech was slurred at first, but then something strange happened. . .He slept outdoors rarely and otherwise stayed in inexpensive motels, boardinghouses, and YMCAs..The terror he hid from her vanished with the recital of their vows. He knew from their first kiss as husband and wife that this was his destiny. What a great adventure they'd had together these past twenty-three years, one that Doc Savage might have envied..He got everything he ordered-full value, and more. When he lifted off the top of the bun to squeeze mustard onto the burger, he discovered a shiny quarter pressed into the half-melted cheese..Without a word, Joshua Nunn and the paramedic retreated to the foyer. The parlor doors slid shut..EDOM AND THE PIES, into the blue morning following the storm, had a schedule to keep and the hungry to satisfy..While the horse and then the sheep grazed twelve months each, an H-bomb accidentally fell from a B-52 and was lost in the ocean, off Spain, for two months before being located. Mao Tse-tung launched his Cultural Revolution, killing thirty million people to improve Chinese society. James Meredith, civil rights activist, was wounded by gunfire during a march in Mississippi. In Chicago, Richard Speck murdered eight nurses in a row-house dormitory, and a month later, Charles Whitman limbed a tower at the University of Texas, from which he shot and killed twelve people. Arthritis forced Sandy Koufax, star pitcher for the Dodgers, to retire. Astronauts Grissom, White, and Chaffee died earthbound, in a flash fire that swept their Apollo spacecraft during a full-scale launch simulation. Among the noted who traded fame for eternity were Walt Disney, Spencer Tracy, saxophonist John Coltrane, writer Carson McCullers, Vivien Leigh, and Jayne Mansfield. Junior bought McCullers's *The Heart Is a Lonely Hunter*, and though he didn't doubt that she was a fine writer, her work proved to be too weird for his taste. During these years, the world was rattled by earthquakes, swept by hurricanes and typhoons, plagued by floods and droughts and politicians, ravaged by disease. And in Vietnam, hostilities were still underway..Paul set the nightstand down but waited, ready to shove the furniture into the stairwell if the swaddled gunman dared return..Fed up with them and with this exhibition, Junior half wished that he would again be stricken by violent nervous emesis. Even in his suffering, he would enjoy spraying these insistently appealing canvases with the reeking ejecta of his gut: criticism of the most pungent nature..The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd.."Consider

what I told you," Dr. Salk urged. "Your Perri would want you to think about it." Junior no longer leaned casually on the casing. He put both hands flat against the door. During the past few hours, he had changed his life again, as dramatically as he had changed it on that fire tower almost three years ago. For a finder's fee, Junior was put in touch with a papermaker named Google. This was not his real name, but with his crossed eyes, large rubbery lips, and massively prominent Adam's apple, he was as perfect a Google as ever there had been. That evening, he was filled with a greater sense of adventure than he'd felt since arriving in the city from Oregon. Consequently, he treated himself to three glasses of a superb Bordeaux and a filet mignon in the same elegant hotel lounge where he had dined on his first night in San Francisco, almost three years earlier. Agnes at last relented. "Someday, you're going to have to learn to relax, Maria." Maria Gonzalez brought rice casseroles, homemade tamales, and chile rellenos. Daily, Jacob made cookies and brownies, always a new variety, and in such volume that Maria's plates were heaped with baked goods each time they were returned to her. Clinging to the desperate hope of an ultimate reunion, he put the gun away, went to the kitchen, and made a grilled-cheese sandwich: cheddar, with dill pickles on the side. As he rose from his chair, Barty began to reacquaint himself with the feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him. The guest room. Bring Grace to the window. Disengage the latch. No good. Warped or painted shut. Small panes, sturdy mullions too difficult to break out. Regrettably, at 2:00 A.M., February 28, waking alone in Tammy's bed, Junior sought her out and found her snacking in the kitchen. Forsaking a fork in favor of her fingers, she was eating a. Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years. From her Volkswagen bus in the middle of the line, Maria joined them. "In case we get separated, Agnes, I don't have an itinerary." Her eyes, lustrous pools, brimmed with the need to know, but she respected the deal. "I only half understood all that, and I don't even know which half, but in some strange way, it feels true. Thank you. I will think about it tonight, when I can't sleep." She stepped close and kissed him on the cheek. "Who are you, Tom Vanadium?" After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint. On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in- the only thing he believed in- was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself. Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false. Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust. When he woke in- the morning, he raised his head from the pillow to look at the alarm clock- and saw the twenty-five cents on his nightstand. Two dimes and a nickel. The girl smiled, as stunningly beautiful as he remembered her, but she was no longer fifteen, as she had been when last he'd seen her. Since her death in childbirth nearly three years ago, she'd matured and grown lovelier than ever. Sitting up in bed, he passed a little time reading favorite, marked passages in Zedd's *You Are the World*. The book presented a brilliant argument that selfishness was the most misunderstood, moral, rational, and courageous of all human motivations. Most of these firearms were loaded and ready for use, but five remained in their original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally. Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel. Ever since he'd searched Vanadium's house, over fourteen months ago, Junior had enjoyed learning about other people by touring their homes in their absence. Because he was unwilling to risk arrest for breaking and entering, these explorations were rare, other than in the homes of women whom he'd dated long enough to justify swapping keys. Happily, in this golden age of trust and easy relationships, as little as a week of hot sex could lead to key-level commitment. "Uncle Edom. Uncle Jacob. Aunt Maria. So I can remember faces after ... you know." At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him. He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." Suddenly and seriously creeped out, Junior wanted to get away from this nut case. Yet he was frozen by morbid fascination. After the stupid bastards read a newspaper or smoked a few cigarettes, they finally broke down the door. Satisfyingly dramatic: the crack of splintering wood, the crash. Agnes hoped that the boy would spend a night or two in her room, until he was reoriented to the house. But Barty wanted to sleep in his own bed. "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's." At first all had gone well. Agnes, Maria, and Edom were rightly amazed. A thrill of wonder and big smiles all around the table. They were enthralled by the astoundingly favorable fall of cards, a breathtaking mathematical improbability. So much argued against the idea that they could succeed as a couple. In this age when race supposedly didn't matter anymore, it sometimes seemed to matter more year by year. Age mattered, too, and at fifty,

he was twenty-six years older than she was, old enough to be her father, as surely her father would quietly but pointedly--and repeatedly!--observe. He was highly educated, with multiple medical degrees, and she had gone to art school..wickedly sharp silver scimitar suspended by a filament more fragile than a human hair..For a while, she couldn't get enough air. Felt suffocated. She drew great, raw, shuddering breaths, and thought that she would never be able to quiet herself but quiet came..The old man assumed the solemn and knowing expression of one guarding mysteries, a sphinx without headdress and mane. "If I told you, dear lady, it wouldn't be magic anymore. Merely a trick."..On mechanic, he again glanced meaningfully at Edom, who felt a response was expected. When he opened his mouth, he could think of nothing to say, except that at Sanriku, Japan, on June 15, 1896, a 110 foot-high wave, triggered by an undersea quake, killed 27,100 people, most while they were in prayer at a Shinto festival. Even to Edom, this seemed to be an inappropriate comment, so he said nothing. ..Barty wore elfin-size, knitted blue pajamas complete with feet, white rickrack at the cuffs and neckline, and a matching cap. His white blanket was decorated with blue and yellow bunnies..Finally he began: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..He wanted the most expensive box for Joey; but Joey, a modest and prudent man, would have disapproved. Instead, he selected a handsome but not ornate casket just above the median price..Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss..He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician..When he reached the Suburban and closed his right hand around the handle on the driver's door, he felt something peculiar against his palm. A small, cold object balanced there.."Nonsense," Agnes breezed on, "it's no imposition. You'll be a great help with my baking, the pie deliveries, all the work that I put aside during Barty's surgery and recovery. It'll either be fun, or I'll wear you down to the bone, but either way, you won't be bored. I've got two extra rooms. One for Celie and Angel, and one for Grace. When your Wally arrives, we can move Angel in with Grace, or she can bunk with me."..The Worry Bear carries worries in his pockets. Under his Panama hat and in two gold locket. Carries worries on his back and under his arms. Nevertheless, dear old Worry Bear has his charms.."Our little girl's going to walk backward her whole life if you drive in reverse all the way to the hospital."..For a while he enjoyed being challenged to figure the number of seconds elapsed since a particular historical event. Given the date, he did the calculations in his head, providing a correct answer in as little as twenty seconds, rarely taking more than a minute..The telephone was operative, and Vanadium dialed the number of the building superintendent, Sparky Vox. Sparky had an apartment in the basement, on the upper of two subterranean floors, adjacent to the garage entrance..He didn't wonder about his sanity, either, as a less self-improved man might have done. No madman strives to enhance his vocabulary or to deepen his appreciation for culture..you greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack."..After the latest concerned nurse departed, Sheena leaned close. She cruelly pinched Junior's cheek between thumb and forefinger, as if she might tear off a goblet of flesh and pop it into her mouth..Wait here in the car. Give them time to settle down. At this hour, they would put the kid to bed first. Then Ichabod and Celestina would go to their room, undress for the night.
