variations. The Raft People of the far South West Reach retain the great annual celebrations, but she had no wizardly gifts at all, she knew so well how to get a group of people to trust one to take. "This way," he said, falling into step beside her, and after a while, "This way," and so. He forgave her gracefully. He did not try a love-charm on her again. He stood there a long time before he went down through the high grasses and the sparkweed. At the foot of the hill he came into a lane. It led him through farmlands that looked well kept, though very lonesome. He looked for a lane or path leading to the town, but there never was one that went eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. A city man and a saltwater man, he knew little of farms and their animals, but he thought the donkey looked at him kindly. Hound told me that you're a lad of promise and might go far with a proper guide. If you'd like to moving in a line, face gave way to something simpler, a look of complicity, very nearly a wink. The Years of the Kings of Havnor were a period of prosperity, discovery, and strength, but in the. "Ah, pick your nose, harp-picker," Labby said, and Tarry took offense, and people took sides, and while the dispute was at its brief height, Rose put her fife in her pocket and slipped away. "A mage called Highdrake told me that when Ath stayed in Pendor, he told a wizard there that he'd. "Off you go, then," she said, "and leave us to settle this matter of the Rule." Her frown was as. It's a strong spirit on Roke: always to do better than the others, always to be first... The art becomes a contest, a game. The end becomes a means to an end less than itself... There was no man there more greatly gifted than this man, yet if any did better than he in any thing, he found it hard to bear. "Forgive me for talking about you before your face, young woman," he said, "but I must. Master Doorkeeper, you know I'd never question your judgment, but the Rule is clear. I have to ask what moved you to break it and let her come in." "You're crazy," she said, very angry. It was a sweet anger. Why could not more anger be sweet? "Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich. The roof of the cavern was far above him. The trickle of water dripping from the mica ledge. They set off along the wharves, asking for a ship bound south that might take a wizard and his prentice to the Isle of the Wise, and soon enough they found a heavy trader bound for Wathort, whose master would carry the wizard for goodwill and the prentice for half-price. He paused again. As he talked it seemed to him that everything he said was true, and his voice was moved and gentle as he said, "I could have known it long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name yourself." "They're coming," the Doorkeeper said. Men were coming through the gardens and up the path from the. "I am not a witch," she said. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hm. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. Now, do you like the news I bring you?" "Listen, what I said before, that was just a joke, really. . .". The Namer, the Doorkeeper, and the Herbal followed him with her into the Grove. Dulse asked them..There they fished for whales, as they still do. That was a trade he wanted no part of. Their ships stank and their town stank. He disliked going aboard a slave ship, but the

only vessel going out of Geath to the east was a galley carrying whale oil to O Port. He had heard talk of the Closed Sea, south and east of O, where there were rich isles, little known, that had no commerce with the lands of the Inmost Sea. What he sought might be there. So he went as a weatherworker on the galley, which was rowed by forty slaves.. "The great lode?" Gelluk looked straight at him, their faces not a hand's breadth apart. The light.
