He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them. But San and his wife and the tavern crew wouldn't let it rest, it being the only thing of interest to talk about for the rest of the winter, except the cattle dying. Irioth began to say the words that would bind him, and the shaken man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong, I am doing the wrong, I am the ill, Irioth thought. He stopped the spell words in his mouth, fighting against them, and at last crying out one other word. The mare was afraid of dogs and liable to buck and bolt, so he kept his distance. But he had an eye for beauty, and liked to look at the old house dreaming away in the dappled light of the early summer afternoons.."No use," said the old wizard, grinning, "you're only wind and sunlight. Now I'm going to be dirt..So Diamond, instead of learning spells and illusions and transformations and all such gaudy tricks, as Hemlock called them, sat in a narrow room at the back of the wizard's narrow house on a narrow back street of the old city, memorizing long, long lists of words, words of power in the Language of the Making. Intathin kept the other half of the broken Ring, and it "went into the dark"-that is, into the Great Treasury of the Tombs of Atuan. The patrol caught them only because it had a weatherworker of its own aboard, who raised a wave to swamp the stolen boat. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand. Hearing that word, the men told them they would be tortured and burned, at which the boy cried that if they spared him he would tell them all about the Hand, and Roke, and the great mages of Roke..chests and clothes-presses against an infestation of moths, he said,

They saw the Rule of Roke established, though never so firmly as they might wish, and always against opposition; for mages came from other islands and rose up from among the students of the school, women and men of power, knowledge, and pride, sworn by the Rule to work together and for the good of all, but each seeing a different way to do it. A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently pursuing the young man. The Doorkeeper waved his hand at it, and it avoided him. Irian swerved and ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The Doorkeeper looked round, and now his smile was wider.
