Hurrying, sticklike figures black against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows, while others brought fresh logs and worked the bellows sleeves. From the apex of the dome a spiral of chambers rose up into the tower through smoke and fumes. In those chambers, Licky had told him, the vapor of the quicksilver was trapped and condensed, reheated and recondensed, till in the topmost vault the pure metal ran down into a stone trough or bowl--only a drop or two a day, he said, from the low-grade ores they were roasting now..bower upstream, he went there, carrying Veil's basket as an excuse. "May I talk to you?" he said..eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he there. A real is artificial, but one can't tell the difference. Unless, I suppose, one got in there..He groaned and scoured his scalp with his knuckles. He was sitting on the dirt in their old play--Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set off for the Ninety Isles as soon as Tern liked..seven or eight years before. "Now I won't have him here no more," Berry said, coming master of the house over her, with the great black gash in his forehead, and his eyes like oysters, and his hands juddering..powerless..How the man had escaped him, Early did not know, but two things were certain: that he was a far more powerful mage than any Early had met, and that he would return to Roke as fast as he could, since that was the source and center of his power. There was no use trying to get there before him; he had the lead. But Early could follow the lead, and if his own powers were not enough he would have with him a force no mage could withstand. Had not even Morred been nearly brought down, not by witchcraft, but merely by the strength of the armies the Enemy had turned against him?.Down in their tiny cabin Dragonfly sat waiting for him, solemn as ever but her eyes blazing with excitement. All over the hill spark-weed was in flower, its long petals blazing yellow in the grass. Children on Havnor knew that flower. They called it sparks from the burning of Ilien, when the Firelord attacked the islands, and Erreth-Akbe fought with him and defeated him. Tales and songs of the heroes rose up in Medra's memory as he stood there: Erreth-Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved king. The brave and the wise, they came before him as if summoned, as if he had called them to him, though he had not called. He saw them. They stood among the tall grasses, among the flame-shaped flowers nodding in the wind of morning..only in dying life..He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or she had come of her own will; he didn't know how she had spoken the word of the Old Tongue to him or through him. He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower..He had lost something and had to find it. Thirty years before, the pirate lords of Wathort had sent a fleet to conquer Roke, not for its wealth, which was little, but to break the power of its magery, which was reputed to be great. One of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells of defense and warning. Once those were breached, the pirates took the island not by wizardries but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their slave takers carried off men, boys, young women. Little children and the old they slaughtered. They fired every house and field they came to. When they sailed away after a few days they left no village standing, the farmsteads in ruins or desolate.. stairs and inside. "I brought you to the Grove because the leaves of the trees spoke your name to me before you ever came here. Irian, they said, Irian. Why you came I don't know, but not by chance. The Summoner too knows that." After a while the Patterner said, "That art, summoning, you know, is very . . . terrible. It is ... always danger. He had to lie still and come back to this other place and this other man, whose use-name he couldn't remember, though he had said it last night to a heifer or a woman. He knew his true name but it was no good here, wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green land lying down before him cut with rivers, shining with waters. A cold wind blowing. The reeds had whistled, and the young cow had led him through the stream, and Emer had opened the door. He had known her name as soon as he saw her. But he must use some other name. He must not call her by her name. He must remember what name he had told her to call him. He must not be Irioth, though he was Irioth. Maybe in time he would be another man. No; that was wrong; he must be this man. This man's legs ached and his feet hurt. But it was a good bed, a feather bed, warm, and he need not get out of it yet.
