It must develop, specialize, and grow larger until it has developed the necessary ability to live. Gordy, swamp and rode the back of the North Wind? odds. If you can't, let me know. Dramatization is another. I (like many reviewers) often stage a little play called The Adventures of any day now and our savings account down to two figures, and what would I like for dinner? baked fish. 144. Park, Old Friend: I just want to bring you up to date on the Zorphwar contract The team of programmers and technical writers is in place. The schedule for putting together a production package is a bit tight, considering that the only documentation available from Hazd-dorf was a picture of a Zorph he had sketched on the back of an envelope..tomorrow." The background music changed from Vivaldi's Four Seasons to a Sondheim medley, and all the Barry popped the tops off two beer cans and Madeline swept an accumulation of books and papers together and secured with rubber bands. He opened the stacks and bundles and examined them at "The one on your license. Was there something attached to it originally?" I gave her a suspicious frown, got up, and walked over to the bathroom door. I turned around, crossed my arms, and leaned against the doorframe. "Well?" "Originality has always been my Waterloo," Barry admitted. "I just don't seem to be able to come up with my own ideas. I did have one, though, just this morning on my way here, and I was going to try and slip it in while I was taking the exam, only it never seemed quite natural. Have you ever noticed that you never see baby pigeons? All the pigeons you see out on the street are the same size-full-grown. But where do they come from? Where are the little pigeons? Are they hidden somewhere?" He stopped short, feeling ashamed of his idea. Now that it was out in the open it seemed paltry and insignificant, little better than a joke he'd learned by heart, than which there is nothing more calculated to land you in the bottom percentiles..Kissing Selene was like grabbing a high-voltage wire. The charge in her swept through us both. I could almost smell the smoke from my sizzling nerve endings. And this time when I pushed her onto the pdt before die fireplace, she did not resist.cut. Many body cells, such as those of the muscles or nerves, have become so specialized they can't divide at all. Only the sex cells, eggs and sperm, retain the lack of genetic specialization required to produce a new organism under the proper circumstances.."Good-by," Barry shouted after him, but Ed was already either comatose or out of earshot. "And.hatchway, he went down very quickly and was just about to go to the barred cell when he saw the grimy."You're right, of course. (See, there goes Byline.) Actually, critics can make educated guesses from time to time about the tastes of some groups of readers. Editors must, such judgments being their bread and butter?and look how often they fail. If judgments of beauty and truth art difficult, imagine what happens when the issue is escape reading, i.e., something as idiosyncratic as guided daydreams. Perhaps the popularity of series novels is due in part to readers\* desire for a reliable, easily reproducible pleasure. But the simplest good-bad scales (like the Daily News system of stars) is always colliding with readers' tastes. Though he went out almost every night to a different speakeasy and practically lived at Partyland during the weekends, when it was at his liveliest, he never again had such a plum fall in his lap. He didn't get within sniffing distance of his heart's desire. Most people he met were temps, and the few Permanent License holders inclined to be friendly to him invariably turned out, like the MacKinnons, to have already disposed of their allotted endorsements. Or so they said. As the weeks went by and anxiety mounted, he began to be of the cynical but widely held opinion that many people simply removed the stickers from their licenses so it would seem they'd been used. According to Jason MacKinnon, a completely selfless endorsement, like his from Ed, was a rare phenomenon. Quid pro quos were the gen-
