The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain astray. Up on the slope of the Knoll they could see a little group of people: a circle of young students learning how to do tricks of illusion from the sorcerer Hega of O; Master Hand, they called him. The sparkweed, past flowering, cast its ashes on the wind. There were streaks of grey in Ember's hair..She stood straight up in the water.."Why can't I give myself my own true name?" Then the dragon carried Sparrowhawk away to his home, for his power was gone, he was not a mage. So presently the Masters of Roke met to choose a new Archmage, here, in the Grove, as always. But not as always.."I'll show you. So help me!"..He tacked across the strong wind, swung round South Point, and sailed into the Great Bay of Havnor..Gelluk pressed close beside him, often taking his arm. "This way," he said several times. "Yes, yes! This is the way." Yet he was following Otter. Ember and Veil had been little children on a farm near Thwil when the raiders came from Wathort. Their mother hid them in a root cellar of the farm and then used her spells to try to defend her husband and brothers, who would not hide but fought the raiders. They were butchered with their cattle. The house and barns were burnt. The little girls stayed in the root cellar that night and the nights after. "But even if he's gone," she said, "surely some of the Masters are truly wise?".TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star..about Roke Knoll.
