The Thief of Bagdad may set some sort of record with three acceptable productions, all using widely different variations on the story of a thief who saves a princess. It was the fusion drive of the Edgar Rice Burroughs, heading sunward, away from the long winter on Mars. It stayed on for long minutes, then sputtered and was lost. "Christ almighty, how dumb can one man get?" he asked the empty room. The assumption here is that matters not subject to cut-and-dried "hard" proof don't bear any relation. She was blonder and more beautiful than he'd remembered, more loving and tender than he'd ever known her to be, and in the union that was their reunion Nolan found fulfillment. Of course there was none of the avid hunger of Nina's coiling caresses, none of the mindless thrashing to final frenzy. But it didn't matter; the two of them were together at hist. The two of them, and Robbie. Take that bulge apart and you'd be amazed at the resemblance to a human heart. So there's another significant fact; this place started out with whirligigs, but later modified itself to use human heart pumps from the genetic information taken from the bodies of the men and women we buried."
