

WEST INDIA PLANTER PUBLISHED FROM AN ORIGINAL MS WITH A PREFACE AND AD

Of course, you've never seen anything like it, you worthless adolescent twit. You're not old enough to have seen squat, and even if you were older than your own grandfather, you wouldn't have seen anything like this, Dr Kildare, because this here is a true case of voodoo Baptist boils, and they don't come along often!."Dr. Lipscomb delivered the baby like two minutes ago. The afterbirth hasn't even been removed yet," the nurse informed her.."You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?".He hadn't the slightest doubt that eventually he could romance Renee into marriage, regardless of her wealth and sophistication. He could shape women to his desire as easily as Sklent could paint his brilliant visions on canvas, easier than Wroth Griskin could cast bronze into disturbing works of art..He jammed the 9-mm pistol under his belt, grabbed Ichabod by the feet, and dragged him quickly toward the door to Apartment 1. Smears of blood brightened the pale limestone floor in the wake of the body..into darkness, Celestina sat down to dinner with her mother and her father in the dining room of the parsonage..Her life was so blessed that she could have dealt with a horde of locusts, let alone a few mosquitoes.."That's exactly how I hoped he would be." Relieved, he followed Agnes to the living room. "Listen, Aggie, you know, I don't have anything against Jacob, but-" .Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unflinching serene..The funeral was at two o'clock, after which family and friends of the deceased would gather here in the parsonage for a social, to break bread together and to share their memories of the loved one lost..Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure..She switched on the windshield wipers. Repeatedly, in the, arc of cleared glass, the graveyard was revealed in sharp detail, and yet the place remained less than fully familiar to her. Her whole world had been changed by Barty's dry walk in wet weather..Their apartment was in a four-story Victorian house that dripped gingerbread, in the exclusive Pacific Heights district. It had been converted to apartments with deep respect for the architecture, years before Wally bought it.."Too few," said Maria, "might mean you made an admirably small number of moral mistakes but also that you failed to take reasonable risks and didn't make full use of the gift of life." .Earthquake weather. Southern Californians had many definitions of that term, but Edom knew he was right this time. Thunder would roll again soon, but it would arise from underfoot..As Junior was about to knock again, the door flew inward, and over Sinatra having fun with "When My Sugar Walks Down the Street," Victoria said, "You're early, I didn't hear your car--" She was speaking as she pulled the door open, and she cut herself off in midsentence When she stepped up to the threshold and saw who stood before her..THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name.."Who hired him to hex the ship, fool?".Angel didn't want to go, maybe because the boogeyman schemed beneath the bed in some of her nightmares..Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years..AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something *is reaching for him-that's all he could recall, hands clutching at him out of the dark-and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed..He was uncharacteristically restive. His stoic nature, his long learned Jesuit philosophy regarding the acceptance of events as they unfold, and the acquired patience of a homicide detective were insufficient to prevent frustration from taking root in him. In the more than two months since Enoch Cain vanished, following the murder of Reverend White, no trace of the killer had been found. Week by week, the slender sapling of frustration had grown into a tree and then into a forest, until Tom began every morning by looking out through the tightly woven branches of impatience..Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash..By mid-March, he had exhausted the possibilities of Bartholomew as a surname. By the time that he shot himself in September, he had combed through the first quarter million listings in the directory in search of those whose first names were Bartholomew..Edom and Jacob came to dinner with Agnes every evening. And though the past weighed heavily on them when they were under this roof, without fail they stayed long enough to wash the dishes before fleeing back to their apartments over the garage..As if he sensed her reluctance to return to Dr. Chan, Barty had kept her occupied with talk of the red planet as they approached the office building, had talked her off the street, along the driveway, and into a parking space, where finally she relinquished the fantasy of an endless road trip. At 5:45, long past the end of office hours, Dr. Chan's suite was quiet.."Cancer," she whispered, and superstitiously reproached herself for speaking the word aloud, as though thereby she'd given power to the malignancy and ensured its existence.."July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals-including forty lions and forty elephants-were not harmed." .Matching his mother's whisper, taking obvious delight in their conspiracy, he said, "Our own secret society." .She kissed his cheek, and he

pulled his arms out from under the covers to hug her. Such small arms, but such a fierce hug..Junior had learned implode from a self-help book about how to improve your vocabulary and be well-spoken. At the time, he had thought that this word-among others in the lists he memorized-was one he would never use. Now it was the perfect description of how he felt: as if he were going to implode..At the bottom, the killer had pushed the cedar chest aside and clambered to his feet. From out of his raveled Tutankhamen windings, he peered up at Paul and fired one shot without taking aim, almost halfheartedly, before disappearing into the living room..A sense of mystery overcame Agnes, unnerving but not entirely or even primarily unpleasant.. "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there." When Renee realized that this rejection was complete and final, she-he, whatever-was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need." The disease hadn't corrupted her heart, and it had left her face untouched, as well. Lovely, she was, as she had always been..Dr. Leland Daines, Celestina's internist, arrived directly from dinner at the Ritz-Carlton. Although Dairies had receding white hair and a seamed face, time had been kind enough to make him look not so much old as dignified. Long in practice, he was nevertheless free of arrogance, soft-spoken and with a bottomless supply of patience..No inquiring voice echoed off the passage walls, no accusatory shout. He was alone with the cadaver in this mist-shrouded moment of the metropolitan night-but perhaps not for long..Junior closed his weary eyes and gratefully submitted as the paramedic wiped his greasy face and his crusted lips with a cool, damp cloth..Having gotten the new roof for them at cost, Agnes subsequently put together donations from a dozen individuals and one church group to cover all but two hundred dollars of the outlay..Wally had disposed of his properties in San Francisco under Tom's careful supervision. Any attempt to trace him from the city to Bright Beach would fail. His vehicles were purchased through a corporation, and his new house had been bought through a trust named after his late wife..Sometimes, just the thought of getting in the car and venturing into the dangerous world was intolerable. Then he settled into his La-ZBoy and waited for the natural disaster that would soon scrub him off the earth as though he had never existed..Onward he came, past the left front fender, gleefully hopping up and down, as if on a pogo stick, still waving..Junior decided to attend the festivities, after all, motivated by the prospect of connecting with a woman more pliant than the Baval Poriferan sculpture..While they waited for the room-service waiter to arrive, Tom got from Paul a detailed report of Enoch Cain's attack on the parsonage. He had heard most of it from friends in the state-police homicide division, which was assisting the Spruce Hills authorities. But Paul's account was more vivid. The ferocity of the assault convinced Tom that whatever the killer's twisted motives might be, Celestina and her mother-and not least of all Angel-were in danger as long as Cain roamed free. Perhaps as long as he lived..Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor..Scamp was a multitalented woman, with smoother skin than a depilated peach, with more delicious roundnesses than Junior could catalog, but she proved not to be the remedy for his tension. Only Bartholomew, found and destroyed, could give him peace.. "Fifty died in London, in '57, when two trains crashed. And a hundred twelve were crushed, torn, mangled, in '52, also England." Junior had almost fumbled his fork when he recognized the tune. His heart raced. His hands were suddenly clammy..Because drugs foil all efforts at self-improvement, Junior had no use for the cocaine and acid. He didn't dare sell them to recover his money; even five thousand dollars wasn't worth risking arrest. Instead, he gave the pharmaceuticals to a group of young boys playing basketball in a schoolyard, and wished them a Merry Christmas. The twenty-fourth of December began with rain, but the storm moved south soon after dawn. Sunshine tinsel the city, and the streets filled with last-minute holiday shoppers..Junior actually raised his trembling left hand to his ear, expecting to find the quarter tucked in the auditory canal, held between the tragus and the antitragus, waiting to be plucked with a flourish.. "Wouldn't live in the Caribbean if you paid me," Bill said. "All that humidity. All those bugs." "Too bad. You might have used that to bargain with." After taking a preliminary statement from Celestina, Bellini left to romance a judge out of bed and obtain a search warrant for Enoch Cain's residence, having already ordered a stakeout of the Russian Hill apartment. Celestina's description of her assailant was a perfect match for Cain. Furthermore, the suspect's Mercedes had been abandoned at her place. Bellini sounded confident that they would find and arrest the man soon..He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim..Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world..One of the hardest things that she had ever done was to leave him then, alone in his room, with the hateful something still quietly growing in his eye. She wanted to move the armchair close to his bed and watch over him throughout the night..around a long time yet, but women outlive men by several years. Actuarial tables aren't wrong." More often than not, in a social situation, regardless of its nature, there came a time when Edom had to bolt, and here now was the time, not because he floundered at a loss for words, not because he became panicked that he would say the wrong thing or would knock over his coffee cup, or would in some way prove himself foolish or as clumsy as a clown in full pratfall, but in this instance because

he didn't want to bring his tears into Agnes's day. Recently she'd had too many tears in her life, and though these were not tears of anguish, though they were tears of love, he didn't want to burden her with them..Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Brain Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized..As a homicide detective, Vanadium had a career-spanning ninety eight percent closure-and-conviction record on the cases he handled. Once convinced he had found the guilty party, he didn't rely solely on solid police work. He augmented the usual investigative procedures and techniques with his own brand of psychological warfare-sometimes subtle, sometimes not-which frequently encouraged the perpetrator to make mistakes that convicted him..At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white..The minister's threat had been forgotten, repressed. At the time, only half--heard, merely kinky background to lovemaking, these words had amused Junior, and he'd given no serious thought to their meaning, to the message of retribution contained in them. Now, in this moment of extreme danger, the inflamed boil of repressed memory burst under pressure, and Junior was shocked, stunned, to realize that the minister had put a curse on him!.From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side..Packed full of aftermath, the movie was too violent for Junior's taste. He had wanted to meet at a showing of Doctor Dolittle or The Graduate. But Google, as paranoid as a lab rat after half a lifetime of electroshock experiments, insisted on choosing the theater..He was nearly forty years old, and a life spent fearing nature could not be turned easily into a romance with her. Some nights he still stared at the ceiling, unable to sleep, waiting for the Big One, and he avoided walks on the shore in respect of deadly tsunamis. From time to time, he visited his brother's grave and sat on the grass by the headstone, reciting aloud the gruesome details of deadly storms and catastrophic geological events, but he found that he had also absorbed from Jacob some of the statistics related to serial killers and to the disastrous failures of manmade structures and machines. These visits were pleasantly nostalgic. But he always came with roses, too, and brought news of Barty, Angel, and other members of the family. When Paul sold his house to move in with Agnes, Tom Vanadium settled into Jacob's former apartment, now a fully retired cop but not yet ready to return to a life of the cloth. He assumed the management chores of the family's expanding community work, and he oversaw the establishment of a tax-advantaged charitable foundation. Agnes provided a list of fine-sounding and self-effacing names for this organization, but a majority vote rejected all her suggestions and, in spite of her embarrassment, settled on Pie Lady Services..Vanadium's vehicle, obviously not an official police sedan, was a blue 1961 Studebaker Lark Regal. A dumpy and inelegant car, it looked as though it had been designed specifically to complement the stocky detective's physique.. "Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died." The tone sounded, as promised, and a man's voice spoke from the box: "It's Max. You're psychic. I found the hospital here. Poor kid had a cerebral hemorrhage, arising from a hyperensive crisis caused by ... eclampsia, I think it is. Baby survived. Call me, huh?" Because Harrison, with the best of intentions, had not wanted to open wounds, Cain could walk up to Celestina anywhere, anytime, and she wouldn't know that he might have been her sister's rapist. To her, his face was that of any stranger..Jolene started to refill his coffee mug-then thought better of it. "Maybe you don't need more caffeine, Edom." Startled, Nolly checked his shirt pocket and withdrew a quarter. "It's not the same one." At Thanksgiving dinner, again at the three tables set end to end, in the year of the triple zero, Mary Lampion, now fourteen years old, made an interesting announcement over the pumpkin pie. In her travels where none but she could go, after seven fascinating years of exploring a fraction of all the infinite worlds, she said she sensed beyond doubt that, as Barty's mother had told him on her deathbed, there is one special place beyond all the ways things are, one shining place..Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..After she flushed, Angel stood on a stepstool and washed her hands at the sink..Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on..pistol that he'd purchased in late June. The city operated a program to melt confiscated and donated weapons and to remake them into plowshares or xylophones, or into the metal fittings of hookah pipes..Undiminished antiperistaltic waves coursed through his duodenum, stomach, and esophagus, and now he gasped desperately for air between each expulsion, without much success.. "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive." "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic." To prove himself, he read a little of Dickens when she requested it, a passage from Great Expectations. Then a passage from Twain..FOLLOWING A SECOND NIGHT at the Sleepie Tyme Inne, waking at dawn, Junior felt rested, refreshed-and in control of his bowels..A sense of fellowship in extraordinary times drew everyone closer, to hug, to touch, to share the wonder.

For a long moment, even in the symphony of the storm, in spite of all the plink-tink-hiss-plop-rattle that arose from every rain-beaten work of man and nature, they seemed to stand here in a hush as deep as Tom had ever heard. Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease. He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter. With a tenderness that surprises and moves Celestina, the tall nurse closes the dead girl's eyes. She opens a fresh, clean sheet and places it over the body, from the feet up, covering the precious face last of all. "You know where it comes from," her mother said with a yawn that betrayed her exhaustion after a night with no sleep and too much drama. In his mind, Junior saw a quarter turning knuckle over knuckle, and he heard the maniac cop's droning voice: There's a fine George and Ira Gershwin song called "Someone to Watch over Me." You ever hear it, Enoch? I'm that someone for you, although not, of course, in a romantic sense. "Six hundred ninety-five people were killed in three states. Winds so powerful that some of the bodies were thrown a mile and a half from where they were snatched off the ground." Sunday, Junior hid out from Scamp, using his Ansaphone to screen her calls, and worked with such astonishing focus on his needlepoint pillows that he forgot to go to bed that night. He fell asleep over his needles at ten o'clock Monday morning. Like autumn-red ivy, lushly leafed vines of flame crawled up the house. The porch under them was ablaze, as well. Shingles smoldered beneath their feet, and flames ringed the roof on which they stood. He was filled with bitter remorse for having suspected Naomi of poisoning his cheese sandwich or his apricots. She had in fact adored him, as he had always believed. She would never have lifted a hand against him, never. Dear Naomi would have died for him. In fact, she had. They were in the eastern hills, a mile from Jolene and Bill Kleifton's place, where ten days ago, Edom had delivered blueberry pie along with the grisly details of the Tokyo-Yokohama quake of 1923. Paul pulled her back. He gently but firmly thrust her through the open door of the guest room in which he'd spent the night. "Stay here, wait." The ninth piece was not art, certainly not a work by Griskin, and could disturb no one half as much as it rattled Junior. Upon a black pedestal stood a pewter candlestick identical to the one that had cracked the skull of Thomas Vanadium and had added dimension to the cop's previously pan-flat face. "Do you want me to call and confirm how Vanadium was harassing you up here?" asked Magusson. Leaning forward from his armchair, white hair as radiant as the wings of cherubim, Obadiah waved one misshapen hand over the deck, never closer than ten inches to the cards. "Now please spread them out in a fan on the table, facedown." The maniac kicked once more, but because of the bracing dresser, the door wouldn't budge, so he kicked harder, again without success. Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor. "Stop it, stop it!" Agnes, only ten years old, slender and shaking, but wild with righteousness, until now held in thrall by her own fear, by the memory of all the beatings that she herself has taken. She screams at their father and strikes him with a book she's brought from the house. The Bible. She strikes their father with the Bible, from which he's read to them every night of their lives. He drops the roses, tears the holy book out of Agnes's hands, and pitches it across the yard. He rakes up a handful of the scattered roses, intending to make his son resume this dinner of sin, but here comes Agnes once more, the Bible recovered, brandishing it at him, and now she says what all of them know to be true but what none of them has ever dared say, what even Agnes herself will never again dare to say after this day, not while the old man lives, but she dares to say it now, holding the Bible toward him, so he can see the gold-embossed cross upon the imitation-leather cover. "Murderer," Agnes says. "Murderer." And Edom knows that they're all as good as dead now, that their father will slaughter them right here, right this minute, in his rage. "Murderer," she says accusingly, behind the shield of the Bible, and she doesn't mean that he is killing Edom, but that he killed their mother, that they heard him in the night, three years before, heard the short but awful struggle, and know that what happened was no accident. Roses fall from his skinned and pierced hands, a flurry of petals yellow and petals red. He rises and takes a step toward Agnes, his dripping fists crimson with his blood and with Edom's. Agnes doesn't back away, but thrusts the book toward him, and scintillant sunlight caresses the cross. Instead of tearing the book out of her hands again, their father stalks away, into the house, surely to return with club or cleaver ... yet they will see no more of him this day. Then Agnes-with tweezers for the thorns, with a basin full of warm water and a washcloth, with iodine and Neosporin and bandages-kneels beside him in the yard. Jacob, too, comes forth from the dark crawlspace under the porch, having watched in terror from behind the latticework skirt. He is shaking, crying, flushed with embarrassment because he didn't intervene, although he was wise to hide, for the disciplinary beating of one twin usually leads to the pointless beating of the other. Agnes gradually settles Jacob by involving him in the treatment of his brother's wounds, and to Edom she says, often thereafter, "I love your roses, Edom. I love your roses. God loves your roses, Edom." Overhead, agitated wings quiet to a soft flutter, and the shrieking crows grow silent. The air pools as still and heavy as the water in a hidden lagoon within a secret glade, in the perfect garden of the unfallen.... Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own. Celestina stood listening until she heard Wally open the outer door and then close it. "Then you have a big advantage, and you'll have to tell us all about yourselves," Agnes said. "I'll get the coffee brewing ... unless you'd like to help." They came to her, picked up the luggage that she had put down, and Edom said, "I'll drive." Symptoms of food poisoning usually appear within two hours of dining. The hideous intestinal spasms had rocked him at least six hours after he'd eaten. Besides, if the culprit were food poisoning, he would have vomited; but he hadn't felt any urge to spew. Although not quite as young as Baval Poriferan, this artist was equally adored by critics and widely regarded as a genius. He went by

a single and mysterious name, Sklent, and in the publicity photo of him that was posted in the gallery, he looked dangerous..Standing at graveside, Junior was in a foul mood. He was weary of pretending to be deep in grief.."Please take the cards from the pack and put them on the coffee table in front of you," Obadiah directed.."Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective."..Nevertheless, Thomas Vanadium's hostile ghost, that terrible prickly bur of stubborn energy, wasn't done with Junior yet. Until Bartholomew was dead, the cop's filthy-scabby-monkey spirit would keep coming back and coming back, and it would surely grow more violent..Switching on the lights as he went, Junior sought the source of the serenade. He carried the 9-mm pistol, which would have been useless against a spirit visitor; but his extensive reading about ghosts hadn't convinced him that they were real. His faith in the effectiveness of bullets and pewter candlesticks, for that matter-remained undiminished..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.it to the granite-topped secretary, and sat in front of the telephone. Previously..Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew..After adjusting the hairpin that held her lace mantilla, Maria passed from the narthex into the nave She dipped two fingers in the holy water that glimmered in the marble font, and crossed herself..Friday, after dinner, when he'd heard enough of Maria's method of fortune-telling to know that four decks were required, that only every third draw was read, and that aces-especially red aces-were the most propitious cards to receive, Jacob had taken great pleasure in preparing for Barty the most favorable first eight cards that could possibly be dealt. This was a small gift to cheer Agnes, on whose heart Joey's death weighed as heavily as iron chains..As though one of the quarters had dropped into his ear and triggered a golden oldie in the jukebox of his mind, Junior heard Vanadium's voice in the hospital room, in Spruce Hills, on the night of the day when Naomi died: "en you cut Naomi's string, you put an end to the effects that her music would have on the lives of others and on the shape of the future.....Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall..The January air was crisp, fragrant with evergreens and with the faint salty scent of the distant sea. A curiously yellow moon glowered like a malevolent eye, studying him from between ragged ravelings of dirty clouds.."No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little."..As luck would have it," the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under.As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty..Dear Lord, how she loved her sugarpie, her little M&M. Three years had passed in what seemed like a month, and although there had been stress and struggle, too few hours in every day, less time for her art than she would have liked, and little or no time for herself, she wouldn't have traded being blindsided by motherhood for any amount of wealth, not for anything in the world ... except to have Phimie back. Angel was the moon, the sun, the stars, and all the comets streaking through infinite galaxies: an ever-shining light.
