He reached out towards Yaved, towards the ache, the suffering. As he came closer to it he felt a great strength flow into him from the west, as if Silence had taken him by the hand after all. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. We can be easy..". In the Archipelago, men built ships and women built houses, that was the custom; but in building a. wizardry. Leave to our wings the long winds of the west.. strong man with rough greying hair, running now like a stag.. when the group of thirty or more men came past the little house and approached them. They were. When he was Gelluk's prentice and assistant, he had encouraged his master in the study of the lore of Way, finding himself free while Gelluk was off doting on his quicksilver. But Gelluk's abrupt fate had shaken him. There was something mysterious in it, some element or some person missing. Summoning the useful Hound to help him, Early had made a very thorough inquiry into what happened. Where Gelluk was, of course, was no mystery. Hound had tracked him straight to a scar in a hillside, and said he was buried deep under there. Early had no wish to exhume him. But the boy who had been with him, Hound could not track: could not say whether he was under that hill with Gelluk, or had got clean away. He had left no spell traces as the mage did, said Hound, and it had rained very hard all the night after, and when Hound thought he had found the boy's tracks, they were a woman's; and she was dead.. then stood with my clothes in my hands, since there were no hangers; there was instead a small. "Well," Rose said, and dumped out the salt water on the bare dirt of the small front yard of her house, which, like most witches' houses, stood somewhat apart from the village. "Well," she said, straightening up and looking about vaguely as if for an answer, or a ewe, or a towel. "You have to know something about the power, see," she said at last, and looked at Dragonfly with one eye. Her other eye looked a little off to the side. Sometimes Dragonfly thought the cast was in Rose's left eye, sometimes it seemed to be in her right, but always one eye looked straight and the other watched something just out of sight, around the corner, elsewhere.. another witch or an ordinary woman. They do not often marry men, and if they do, they are likely. "I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't amount to much that I can see. He did no good to my cow with the caked bag, two years ago. And his balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe Otak says the same back. And they lose their tempers, and they did some

black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I don't say he's not a bit strange, sometimes. The way witches and sorcerers are, I guess. Maybe they have to be, dealing with such powers and evils as they do. But he is a true man, and kind." "And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless..you're here, it adds up, you see. For a half millennium or longer, men ambitious to work the great spells of magery bound themselves to absolute chastity, enforced by self-cast spells. At the school on Roke, the students lived under this spell of chastity from the time they entered the Great House and, if they became wizards, for the rest of their lives.
