Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It looked back at him with a grin. She left him standing at the waymeet, on the level ground, and walked up the hill path for a little way, a few strides. She turned and looked back down at him. "What keeps you from the hill?" she said. "I don't know what to tell you. Is it a custom that you don't go around naked?" .file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (51 of 111) [2/5/2004 12:33:31 AM]. In a day or two some of Licky's men came asking if anyone had seen or heard tell of the great wizard Gelluk and a young finder-both disappeared without a trace, they said, as if the earth had swallowed them. But I wouldn't ask you to wait all that time unpaid, neither. So here's an advance, like, on what's to come, and all's square between us for now, right?" They left the carter to his master's business and, or urgency, she felt that she was waiting. And that silent expectancy was deepest and clearest. Hemlock nodded. "That is quite understandable, among children. And quite impossible now. Do you, as one of themselves, the good man who had found poor Otter half dead in the forest and brought. He asked her to stay, he did not tell her to. All she could do was nod. After the first outcries and embraces, the servants and his mother sat him right down to breakfast. So it was with warm food in his belly and a certain chill courage in his heart that he faced his father, who had been out before breakfast seeing off a string of timber-carts to the Great Port. It was far more convenient to him that Losen should be king than that he himself should rule Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey.
