It led him through farmlands that looked well kept, though very lonesome. He looked for a lane or path leading to the town, but there never was one that went eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. After Maharion's death in 452, several claimants contested the throne; none prevailed. Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which had not existed under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired themselves out to warlords or sought power for themselves. Through the irresponsibility of these wizards and the perversion of their power, magic itself came into disrepute. One morning one of Alder's cowboys turned up in the front yard riding a horse and leading a saddled mule. Women who work magic may practice periods of celibacy as well as fasting and other disciplines believed to purify and concentrate power; but most witches lead active sexual lives, having more freedom than most village women and less need to fear abuse. Many pledge "witch-troth" with another witch or an ordinary woman. They do not often marry men, and if they do, they are likely to choose a sorcerer. The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until. find the center. That's the question to ask. That's what to do..." Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease.
