"I said you have a strength in you, a great one," the witch said from the darkness. "And you know it too. What you are to do I don't know, nor do you. That's to find. But there's no such power as to name yourself." But before that and after are the streams. Caves, stones, hills. Trees. The earth. The darkness of. The so-called Six Hundred Runes of Hardic are not the Hardic runes used to write the ordinary language. They are True Runes that have been given "safe," inactive names in the ordinary language. Their true names in the Old Speech must be memorised in silence. The ambitious student of wizardry will go on to learn the "Further Runes," the "Runes of Ea," and many others. If the Old Speech is endless, so are the runes. Morred s Isle, they call it. But it's not Enlad of the Kings, nor Ea. It's south, not north of Havnor, they say. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on.
