

SUPER 2

Kneeling at her side, Junior placed the decorative pillow over her lovely face and pressed down firmly while Frank Sinatra finished "Hello, Young Lovers," and sang perhaps half of "All or Nothing at All." Victoria never regained consciousness, never had a chance to struggle. As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again." Neither of them was aware that their personal drama, in all its clumsiness and glory, had focused the attention of everyone in the restaurant. The cheer that went up at Celestina's acceptance of his proposal caused her to start, knocking the ring from Wally's hand as he attempted to slip it on her finger. The ring bounced across the table, they both grabbed for it, Wally made the catch, and this time she was properly betrothed, to wild applause and laughter. Dr. Walter Lipscomb's fingers were longer and more supple than the pianist's, and he had the presence of a great symphony conductor for whom a raised baton was superfluous, who commanded attention by the mere fact of his entry. A tower of authority and self-possession, he said to the becalmed Neddy, "I am this child's physician. She was born underweight and held in hospital to cure an ear infection. You sound as if you have an incipient case of bronchitis that will manifest in twenty-four hours, and I'm sure you wouldn't want to be responsible for this baby being endangered by viral disease." They were driven to St. Mary's by Detective Bellini in a police sedan. Tom Vanadium—a friend of her father's whom she had met a few times in Spruce Hills, but whom she didn't know well—literally rode shotgun, tensed to react, wary of the occupants of other vehicles on Twilight, nearly gone and purple in the west, inspired a bright violet line along the crest of an incoming bank of bay fog, as though the mist were shot through with a luminous vein of neon, transforming the entire sparkling city into a stylish cabaret just now opening for business. The night, soft as a woman come to dance, carried a steely blade of cold in its black-silk skirts. In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box. The longer he crouched, head cocked, breathing silently through his open mouth, the more convinced Junior became that he had heard a man approaching. Indeed, the terrible conviction grew that someone was standing immediately in front of the dumpster, head cocked, also breathing through his open mouth, listening for Junior even as Junior listened for him. There was an otter in our brook. Agnes had the craziest notion that he was counting them, when at his age, Of course, he would have no concept of numbers. He desperately needed closure in the matter of Naomi's death. That was what these past three years and these supernatural events were all about. In the spring and summer of '66, he flew to Memphis, Tennessee, stayed a few days, and walked 288 miles to St. Louis. From St. Louis he hiked west 253 miles to Kansas City, Missouri, and then southwest to Wichita. From Wichita to Oklahoma City. From Oklahoma City east to Fort Smith, Arkansas, from whence he rode home to Bright Beach on a series of Greyhound buses. The apartment above Elena's Fashions could be reached by a set of exterior stairs at the back of the building. The climb had never before taxed Agnes in the least, but now it took away her breath and left her legs trembling by the time she reached the top landing. She put down her fork, glanced around the restaurant once more, and leaned across the table. Blushing brighter, she softly sang the opening lines of "Someone to Watch over Me." Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?" A moment ago, he'd slammed into Angel's room, and that was loud, but this boomed louder, thunderous enough to wake people throughout the building. Atop the dead woman, Vanadium's leather ID holder ignited. The identification card would bum, but the badge was not likely to melt. The police would also identify the revolver. His breath was warm against her throat: "And I want to go back home to see some faces." Fortunately, the chill fog didn't bum away from the Mercedes, considering that it facilitated the stalking of Celestina. The mist swaddled the white Buick in which she rode, increasing the chances that Junior might lose track of her, but it also cloaked the Mercedes and all but ensured that she and her friend wouldn't realize that the pair of headlights behind them were always those of the same vehicle. Her shaking threatened her composure. She was Barty's mother and father, his only rock, and she must always be strong for him. She clenched her teeth and tensed her body and gradually quieted the tremors by an act of will. He pressed his right ear to the door, held his breath, heard nothing, and addressed the top lock first. Quietly, he slid the thin pick of the lock-release gun into the key channel, under the pin tumblers. What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." The patches were held by the same two elastic strips, so Barty flipped up both at the same time. Weird, this kid. Making him uneasy. All in white, with her incomprehensible yammering about talking books and talking dogs and her mother driving pies, and working on a damn strange drawing for a little girl. The moonlight had faded and the gentle waves had ebbed out of his mind's eye. He concentrated, trying to force the phantom sea to flow back into view, but this was one of those rare occasions when a Zedd technique failed him. Agnes wanted to tell them that all their efforts would be to no avail, that they should cease and desist, be kind and let her go. She had no reason to stay here anymore. She was moving on to be with her

dead husband and her dead baby, moving on to a place where there was no pain, where no one was as poor as. At worst, Vanadium might begin to wonder if Junior had a link to Seraphim, might uncover the physical-therapy connection, and in his paranoia, might erroneously conclude that Junior had something to do with her traffic accident. That was nuts, of course, but the detective was evidently not a rational man. Apparently, he'd been drooling for a long time. Where his chin and throat were not sticky, a crust of dried saliva glazed his skin. Leavening his tortured voice as best he could with shock and hurt, as though deeply wounded by the need to speak these words, Junior Cain said, "You ... you think I killed her, don't you? That's crazy." As luck would have it, the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under. Ursula K. Le Guin. Like a spring-loaded novelty snake erupting from a can, Junior exploded up from the chair, nearly knocking it over. Maria Elena Gonzalez—no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square—joined Agnes, Barty, Edom, and Jacob on Christmas. You greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack." Nolly was, as usual, "Nolly" to everyone, but here Kathleen was "Mrs. Wulfstan." The rocking chair stopped squeaking under her. She heard the sincerity in Vinnie's voice, and as her disbelief dissolved, she was shocked into immobility. She whispered, "My little superstition." Tuesday, January 9, having cashed out a number of investments during the past ten days, Junior made a wire transfer of one and a half million dollars to the Gammoner account in the Grand Cayman bank. Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone. When Renee, sweetly oblivious of her looming doom, claimed to have inherited a sizable industrial-valve fortune, Junior thought she might be inventing the wealth or at least exaggerating to make herself more desirable. But when he accompanied her back to her place, he discovered a level of luxury that proved she wasn't a shop girl with fantasies. Sunday, Junior hid out from Scamp, using his Ansaphone to screen her calls, and worked with such astonishing focus on his needlepoint pillows that he forgot to go to bed that night. He fell asleep over his needles at ten o'clock Monday morning. He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka. In a minute or two, one of the cops returned, crouching close as the medics worked. "There's no intruder." The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. Only a small group of mourners gathered for this service. Junior and Naomi had been so intensely involved with each other that, unlike many young married couples, they had made few friends. She refused to look at him, the way her mother had refused to look at him when he'd been making love to her in the parsonage. She began twisting a red pencil in a handheld sharpener, making sure that the shavings fell into a can kept for that purpose. "I saw it here." When the highway passed through a sunless ravine, he had broken into a sour sweat at the sight of the bloody pulsing reflections of the revolving rooftop beacons on the bracketing cut-shale walls. Now and then, the siren shrieked to clear traffic ahead, and he felt the urge to scream with it, to let loose a wail of terror and anguish and confusion and loss. Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain. Shivering, Junior slammed the trunk lid and warily surveyed the lonely landscape. Black pines spread bristled arms through the chary night, and the moon cast down a jaundiced light that seemed to obscure more than it illuminated. Shortly before ten o'clock, Junior returned to the cemetery and left his Suburban where the Negro mourners had parked earlier in the day. His was the only vehicle on the service road. Junior glanced over his shoulder even as Celestina turned and fled. He caught only a glimpse of her disappearing into the inner hallway. "My little girl," she said, and belatedly she realized that this might not be a policeman, after all, but someone trying to determine if she and Angel were alone in the apartment. Dinner was cooking in the upper of the two ovens. He switched the bottom oven, setting it at warm, and dropped open the door. He turned the brochure in his hands, to look at the front of it again. Gradually he began to suspect that the title of the exhibition might be what had brought to mind the reverend's unremembered sermon. Assuming this criticism was amusing hyperbole, Junior laughed, but Sklent squinted those virtually colorless eyes, and Junior's laugh withered in his throat. "Well, maybe that's how it'll work out," he said, wanting to be on Sklent's good side, but he was at once sorry he'd spoken those words in front of witnesses. Not every coincidence, however, has meaning. Toss a quarter one million times, roughly half a million heads will turn up, roughly the same number of tails. In the process, there will be instances when heads turn up thirty, forty, a hundred times in a row. This does not mean that destiny is at work or that God-choosing to be not merely his usual mysterious self but utterly inscrutable—is warning of Armageddon through the medium of the quarter; it means the laws of probability hold true only in the long run, and that short-run anomalies are meaningful solely to the gullible. "There's nothing here for you," she said, stepping back from the door in order to close it. Surprised, Tom leaned in his chair to look more directly at the blind boy. On the telephone, Celestina had mentioned only that Barty was a prodigy, which didn't quite explain the aptness of the oak-tree metaphor. More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him. At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a

rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve..The gurney, one wheel rattling. The young orderly behind it, dressed all in white. And the nurse again..Sitting forward in his armchair, Obadiah lowered his hands to his knees, and in thoughtful silence, he stared at them..While Jacob had shuffled, Agnes had taken little Barty from his bassinet into her arms. She was surprised and discomfited to discover that the baby was to have his fortune told first.. "Who else? I think there's romance in the air. The cow-eyed way he looks at her, she could knock his knees out from under him just by giving him a wink."..In the first drawer, he discovered an address book. Logically, Vanadium would have taken this with him, even if on the lam from a murder rap, so Junior tucked it in his jacket pocket..In a swirl of London Fog and righteous indignation, Neddy turned his back on Junior and drifted away through the nibbling, nattering crowd..NOT IN A MOOD to garden, but wearing the proper gloves, Junior clicked on the foyer light, the hall light, the kitchen light, and stepped around the clubbed-smothered-shot nurse, to the range, where he switched on the right oven, in which an unfinished pot roast was cooling, and the left oven, in which the dinner plates waited to be warmed. He cranked up a flame again under the pot of water that had been boiling earlier-and glanced hungrily at the uncooked pasta that Victoria had weighed and set aside..When Agnes turned her head and saw Maria Elena Gonzalez, she thought she must be dreaming again..He followed an alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lighted receiving room with gray walls and a speckled blue linoleum floor..As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from he, and toward the window once more..So many stops, too little time at each, a dazzle of Christmas trees decorated every one to a different taste, offers of butter cookies and hot chocolate or lemon crisps and eggnog, morning chats in bright kitchens steeped in wonderful cooking odors and-in the chillier afternoon good wishes exchanged in front of hearth fires, gifts accepted as well as given, cookies taken in trade for pecan cakes, "Silver Bells" and "Hark How the Bells" and "Jingle-Bell Rock" on the radio: Therewith they arrived at three o'clock in the afternoon, Christmas Eve, their deliveries completed before Santa's had begun..Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either.."Dr. Lipscomb delivered the baby like two minutes ago. The afterbirth hasn't even been removed yet," the nurse informed her..Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk..EACH MOMENTOUS DAY, the work was done in memory of his mother. At Pie Lady Services, always, they sought new recipes and new ways to brighten the corner where they were..He must begin by learning as much as possible about ghosts, hauntings, and the vengeance of the dead. During the remainder of 1966, only two apparently paranormal events occurred in Junior Cain's life, the first on Wednesday, October 5..Shortly past nine o'clock, an hour after Edom and Jacob had gone, Barty came downstairs, book in hand. "The twisties are back."..He wasn't entirely sure what all he hoped to find. Perhaps an envelope or a cash box with folding money, which a fleeing murderer would surely pause to take with him. Suspicions might be raised if he left it behind. Perhaps a savings-account passbook..For the past two days, Junior had eaten only binding foods, and late this afternoon, he had taken a preventive dose of paregoric, as well..From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn..The paramedic put aside the needle, having used it, and grabbed the paddles of a..The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch..For Junior, 1968-the Chinese Year of the Monkey--would be the Year of the Plastic Surgeon. He would require extensive dermabrasion to restore the smoothness and tone to his skin, to be as irresistibly kissable as he had been before. While at it, he would need surgery to make subtle changes in his features. Tricky. He didn't want to trade perfection for anonymity. He must take care to ensure that his postsurgery look, when he let his hair grow in and perhaps dyed it, would be as devastating to women as his previous appearance..This was better than taking slow deep breaths. Periodically, on the way to Vanadium's house, Junior spat out a string of insults, punctuated by obscenities..On one wall hung an impressive array of gardening tools. In the corner was a potting bench..He clenched the steering wheel tightly with both hands, clenched his teeth so fiercely that his jaw muscles bulged and twitched, and clenched his mind around a stubborn determination to get control of himself. Slow deep breaths. Positive thoughts..Maybe were for babies, but Caesar Zedd had failed to provide a profundity with which Junior could ward off the what-ifs as easily as the maybes..He had been warned about this accuracy issue by the thumbless young thug who delivered the weapon in a bag of Chinese takeout, in Old St. Mary's Church. Junior tended to believe the warning, because he figured the eight-fingered felon might have been deprived of his thumbs as punishment for having forgotten to relay the same or an equally important message to a customer in the past, thus assuring his current conscientious attention to detail..That every mortal semblance took..He was focused enough, in fact, to find Bob Chicane, kill the insulting bastard and get away with it..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen..Having been a volunteer instructor of English to twenty adult students over the years, having taught Maria Elena

Gonzalez to speak impeccable English without a significant accent, Agnes was little needed as a teacher by her son. Even more than other children, he asked why with numbing regularity, why this and why that, but never the same question twice; and as often as not, he already knew the answer that he sought from her and was only confirming the accuracy of his deduction. He was such an effective autodidact, he schooled himself better than any college of professors that could have been assigned to him..If the detective believed that Seraphim had been raped, his natural desire to exact vengeance for his friend's daughter might motivate him to commit the relentless harassment that Junior had endured now for four days..A dumpster and a dead musician had humbled him as thoroughly as he had ever been humbled before, as completely as violent nervous emesis and volcanic diarrhea had humbled him, and he had no tolerance for being humbled. Humility is for losers..Blind he remained until an afternoon in May 1993, when at last the miracle occurred, and the meaning that Tom Vanadium had foreseen so long ago began to manifest..The dining room again, but this time he remembered how he had gotten here: by way of the living room.. "Now, I'm doubtless," Vanadium said, his voice returning to the uninflected drone that Junior had come to loathe but that he now preferred to the unsettling voice of quiet passion. "No matter what the situation, no matter how knotty the question, I always know what to do..After Maria, Bonita, and Francesca had gone, when Agnes and her brothers joined forces to clear the table and wash the dishes, Barty kissed them good-night and retired to his room with The Star Beast..An authoritative note came into Parkhurst's voice, that emperor-of- tone that probably was taught in a special medical-school course on intimidation, though he was striking this attitude a little too late to be entirely effective. "My patient is in a fragile state. He mustn't be agitated, Detective. I really don't want you questioning him until tomorrow at the earliest." Junior was disturbed that the mysterious chanteuse had been performing when he wasn't home. He felt violated. Invaded.. "He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about." "We've been planning this a long time," Angel assured her. "I've climbed the tree a hundred times, maybe two hundred, mapping it, describing it to Barty, inch by inch, the trunk and its four divisions, all the major and minor limbs, the thickness of each, the degree of resilience, the angles and intersections, knots and fissures, all the branches down to the twigs. He's got it cold, Aunt Aggie, he's got it knocked. It's all math to him now." "I want you to adopt the baby." Before they could react, she hurried on: "I won't be twenty-one for four months yet, and even then they might give me trouble about adopting, even though I'm her aunt, because I'm single. But if you adopt her, I'll raise her. I promise I will. I'll take full responsibility. You don't have to worry that I'll regret it or that I'll ever want to drop her in your laps and escape the responsibility. She'll have to be the center of my life from here on. I understand that. I accept it. I embrace it." All day, for reasons he couldn't quite put into words, Junior had carried that quarter in a pocket of his bathrobe. From time to time, he had taken it out to examine it..He'd been a godsend to Celestina, because his love of children and a new sense of fun that he'd discovered in himself were showered on Angel. He was Uncle Wally. Waddling Wally, Wobbly Wally, Wally Walrus, Wally Werewolf. Wally Wit Duh Funny Accents. Wiggle Eared Wally. Whistling Wally. Wrangler Wally. He was Good Golly Wally the Friend of All Polliwogs. Angel adored him, adored him, and he could have loved her no more if she had been one of the sons that he had lost. Overwhelmed by her classes, her waitressing job, her painting, Celestina could always count on Wally to step in to share the child rearing. He wasn't merely Angel's honorary uncle, but her father in all senses except the legal and biological; he wasn't just her doctor, but a guardian angel who fretted over her mildest fever and worried about all the ways the world could wound a child.
