A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art..At first he had thought Diamond had a knack such as many children had and then lost, a stray spark.hill, into the terrible ground under him, gone. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. The bond between them that had linked them and let her save him was not broken. Many times she had come into his dreams, standing silent as she stood when he first saw her in the reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in Telio, in the twilight, beside the wall of stones.."If he wants a party, he'll have it," she said. Their voices were alike, being in the higher register but dark-toned, and held to an even quietness, contained, restrained.
