There was no use trying to get there before him; he had the lead. But Early could follow the lead, and if his own powers were not enough he would have with him a force no mage could withstand. Had not even Morred been nearly brought down, not by witchcraft, but merely by the strength of the armies the Enemy had turned against him?" "Yes," she said. "I'm sorry." Her hand was still on his knee. She said, "We can make love if you." "Set a price?" he flashed out. Then he remembered who he was not, and spoke humbly. "No. I didn't."..went up again. "And you know."They didn't punish him, but kept his wild powers bound with spells until they could make him listen and begin to learn. It took them a long time. There was a rivalrous spirit in him that made him look on any power he did not have, any thing he did not know, as a threat, a challenge, a thing to fight against until he could defeat it. There are many boys like that. I was one. But I was lucky. I learned my lesson young..Yet as Dory spoke he saw what the girl saw: a long hill going down into darkness, and across it, on the edge of twilight, a low wall of stones. And as he looked he thought he saw a woman walking along beside the wall, very thin, insubstantial, bone, shadow. But she was not the dying woman in the bed. She was Anieb..He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or she had come of her own will; he didn't know how she had spoken the word of the Old Tongue to him or through him. He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower..with a set mouth and clear eyes. "What do you want?" the wizard had asked, knowing what he wanted..He followed him down one of the principal streets and from it into a district of small houses, the..Though like any power they could be perverted to evil use in the service of ambition (as was the Terrenon Stone in Osskil), the Old Powers were inherently sacral and pre-ethical. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them..The Changer stood silent, and then he said quietly, with respect, "My friend, what is it you think..sometimes weakened and faded.
