

## EXERCISES IN ETYMOLOGY SYNTAX AND PROSODY COMPILED CHIEFLY FROM T

In a pocket of his smock was his letter to Reverend Harrison White. He hadn't sealed the envelope, because he intended to read to Perri, his wife, what he'd written, and include any corrections she suggested. In this, as in all things, Paul valued her opinion..He drove his yellow-and-white 1955 Ford Country Squire station wagon. He'd bought the car with some of the last money he earned in the years when he had been able to hold a job, before his ... problem..From late morning until dinner, people arrived and departed, raised toasts to a merry Christmas and to peace on earth, to health and to happiness, reminisced about Christmases past, marveled about the first heart transplant performed this very month in South Africa, and prayed that the soldiers in Vietnam would come home soon and that Bright Beach would lose no precious sons in those far jungles.. "After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs..In the Suburban with Wally and Grace, as they waited to hit the trail, Celestina said, "He took her to a movie again, Tuesday night..She wanted so badly to believe, to see her son made whole again, and the funny thing was that she could believe, and without emotional risk, because it was true..The silence on the line was not merely that of a caller holding her tongue. It was abyssal and perfect, as no silence on a telephone ever can be, without the faintest hiss or crackle of static, no hint of breathing or..Returning to his apartment, Edom had to pass under the limbs of the majestically crowned oak that dominated the deep yard between the house and the garage..He didn't want to risk marrying weapon and silencer here in the hall, where he might be seen. Besides, complications could arise from being splattered with Neddy's blood. Aftermath was disgusting, but it was also highly incriminating. For the same reason, he was loath to use a knife..Now, trouble. Different from what he'd experienced before but just as powerful and terrifying. He didn't need to regurgitate, but he desperately needed to evacuate.. "There's a fine George and Ira Gershwin song called 'Someone to Watch Over Me..' Wednesday morning, January 10, he wired one and a half million dollars from the Gammoner account to Pinchbeck in Switzerland. Then he closed out the account in the Grand Cayman bank..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob..To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key..Perhaps his sister intuited what Edom was about to say, because she didn't let him get started..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen.. "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning..No. Ridiculous. Naomi wasn't slumped across him. He wasn't sharing his bed with a corpse. That was E.C. Comics stuff, something from a yellowed issue of Tales from the Crypt..Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as-though far more rapidly than-the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment..On this January twilight, as Maria Elena Gonzalez drove south along the coast from Newport Beach, all men of the sea must have been reaching for bottles of rum to celebrate the fruit-punch sky: ripe cherries in the west, blood oranges overhead, clustered grapes dark purple in the east..Lipscomb said, "We're only two and a half blocks from the best Armenian restaurant in the city. I'll dash over there, bring back some chilled bubbly and an early dinner, if you'll allow me..Junior, putting himself in the detective's place, could think of a few reasons for this visit to Seraphim's grave. Unfortunately, not one of them supported his contention that he was an innocent man..For each of them, Agnes put one scoop of vanilla ice cream in a tall glass of root beer, and after changing quickly into their pajamas, they sat together in Barty's bed, enjoying their treats, while she read aloud the last sixty pages of Starman Jones.. "I've seen them," Tom assured her. "My dear, you've never smelled anything better than a field full of bacon vines..Those words, in a vertiginous spiral, spooled through the memory tapes in Junior's mind, as clear and powerfully affecting-and every bit as alarming-as the memory flash of the ordeal in the Dumpster. He couldn't recall where he'd heard them, who had spoken them, but revelation trembled tantalizingly along the rim of his mind..After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction..He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence..Fourth and last, he was surprised that Kickmule was a legitimate surname. This information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule.. "Sometimes these sympathetic vibrations are very apparent, but alot of the time, they're so subtle that you can hear them only if you're unusually perceptive..He'd acted boldly, recklessly, without scoping the territory to be sure Prosser was alone. The accountant lived by himself, but a visitor might be present.. "I'm saying, for all I know." She took her hand off his thigh. "What's all this about Celestina, anyway?..He used the kitchen phone, at the comer secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had

been repaired..Daylight had retreated from the windows. Winter night, wound in scarfs of fog, like a leprous mendicant, rattled out a breath as though begging their attention beyond the glass.."I can't"..of fists, hard blows, and his father's heavy breathing as he deals out the punishment. Edom himself lies face down in.At the front, a soft spotlight a focused on the life-size crucifix. The only additional illumination came from the small bulbs over the stations of the cross, along both side walls, and from the flickering flames in the ruby glass containers on the votive-candle rack..He said this as though confident Agnes would understand what he meant, with a smile and with a glint in his eyes that almost became a wink, as if they were members of a secret society in which these three repeated words were code, embodying a complex meaning other than what was apparent to the uninitiated.."Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit.."At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish..In the face of his kindness, however, she couldn't refuse his request. She nodded..Mary was at play here, and the sight of her, his first in seven years, almost brought Barty to his knees. She was the image of her mother, and he knew that this must be at least a little bit what Angel had looked like when, at three, she had initially arrived here in 1968, when she explored the kitchen on that first day and found the toaster under a sock..When Junior complained of severe thirst, Victoria explained that he was to have nothing by mouth until morning. He would be put on a liquid diet for breakfast and lunch. Soft foods might be allowable by dinnertime tomorrow..Tom proceeded, "is that an infinite number of realities exist, other worlds parallel to ours, which we can't see. For example ... worlds in which, because of the specific decisions and actions of certain people on both sides, Germany won the last great war. And other worlds in which the Union lost the Civil War. And worlds in which a nuclear war has already been fought between the U.S. and Soviets.."So do I," said the visitor, and Junior almost frowned at this peculiar response, wondering what was meant in addition to what was merely said..Agnes dropped to one knee before the boy and held him gently by the shoulders. "Let me look.."In his entire life, Junior had never suffered this much pain without first having killed someone. Reluctant to depart until certain that his student was out of danger physically, emotionally, and mentally, Bob Chicane stayed until three thirty. When he left, he broke some bad news to Junior: "I can't keep you on my student list, man. I'm sorry, but you're way too intense for me. Way too intense. Everything you do. All the women you run through, this whole art thing, whatever all those phone books are about-now even meditation. Way too intense for me, too obsessive. Sorry. Have a good life, man.."You could also dream of bananas," Celestina suggested as she turned down the bedclothes..When Agnes crunched the ice, the nurse said, "No, no. Don't swallow it all at once. Let it melt.."I suppose anyone could fill some empty gelatin capsules with the syrup," said Parkhurst. "But-" "Roll your own, so to speak. Then he could palm a few of them, swallow 'em without water, and the reaction would be delayed maybe.He spat on his right thumb, scrubbed the thumb against one of the dried drips on the floor, rubbed thumb and forefinger together, and brought the freshened spoor to his nose. He smelled blood..He went directly to the kitchen and drew a glass of water at the sink faucet. He swallowed two antiemetic tablets that he had brought with him, to guard against vomiting..Junior was vigilant. He took note of all those who approached the piano, whether they dropped money in the fishbowl or not..The only bad moment in the evening came when the pianist played "Someone to Watch over Me.."More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to.."This surprised him. Of course, Oregon was not the Deep South. It was a progressive state. Nevertheless, he was surprised. Oregon wasn't home to many Negroes, either, a handful compared to those in other states, and yet until now Junior supposed that they had their own cemeteries..WALTER PANGLO, the only mortician in Bright Beach, was a sweet tempered wisp of a man who enjoyed puttering in his garden when he wasn't planting dead people. He grew prize roses and gave them away in great bouquets to the sick, to young people in love, to the school librarian on her birthday, to clerks who had been polite to him..Alone with Agnes, the physician said, "I want you to take Barty to a specialist in Newport Beach. Franklin Chan. He's a wonderful ophthalmologist and ophthalmological surgeon, and right now we don't have anyone like that here in town.."The street in front of the gallery was as flooded by a sea of fog as the alleyway at the back. The headlights of passing traffic probed the gloom like beams from deep-salvage submersibles at work on the ocean floor.."Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina.."The man's voice echoed hollowly in Junior's ears, as if coming from the far end of a tunnel. Or from the terminus of a death-row hallway, on the long walk between the last meal and the execution chamber..Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the

earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world.. "A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi." "That would be John George Haigh," Agnes said, checking Barty's diaper before nestling him tenderly in the crook of her arm.. Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad." The middle finger on his right hand throbbed under the pair of Band-Aids. He'd sliced it earlier, while using the electric sharpener to prepare his knives, and the wound had been aggravated when he'd had to strangle Neddy Gnathic. He would never have cut himself in the first place if there had been no need to be well-armed and ready for Bartholomew and his guardians.. For a spirit, the maniac lawman appeared disturbingly solid. He wore a tweed sports jacket and slacks that, as far as Junior could tell, were the same clothes he'd worn on the night he died. Apparently, even the ghosts of Sklent's atheistic spiritual world were stuck for eternity in the clothes in which they had perished.. "Take care you don't beat evil into him," said his aunt.. "You can't take much of anything by mouth for a few hours yet," said the nurse. "Nausea is too great a risk. Retching might start you hemorrhaging again." He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone.. "Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma- to name a few." "Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited.. Even as this news pleased Junior, it also saddened him. He was not merely interring a lovely wife, but also his first child. He was burying his family.. Upon arriving at the creche window, he had been in a buoyant mood. As he studied the quiet scene, however, he grew uneasy.. "The exquisite kind," he replied, glad that he had read so many books on the art of seduction and therefore knew precisely the right thing to say.. "I thought so," Angel said, dubious squinching her face. "Mrs. Orwall made me cheese." His request felt like an assault. Agnes almost rocked backward as though struck.. Under other circumstances, Agnes might have blushed, but now her apparently irrational fear of too much life insurance had been vindicated.. The slamming of Junior's heart sounded as loud to him as mortar rounds. He stepped back and sideways, out of the vending machine's line of fire.. In spite of her nature, Agnes could not find forgiveness in her heart this time. Words of absolution clotted in her throat. Her bitterness dismayed her, but she could not deny it.. At first all had gone well. Agnes, Maria, and Edom were rightly amazed. A thrill of wonder and big smiles all around the table. They were enthralled by the astoundingly favorable fall of cards, a breathtaking mathematical improbability.. "Dr. Lipscomb delivered the baby like two minutes ago. The afterbirth hasn't even been removed yet," the nurse informed her.. By the first of November, they moved his mother's bed into the living room, so she could be in the center of things, where always she had been, though they admitted no guests now, only members of their family with its many names.. "You did just fine, Tom, just fine," Agnes said in a consoling tone that she might have used with a boy whose performance, at a piano recital, had been earnest but undistinguished. "We were all quite impressed." Because he kept imagining the stealthy sounds of a dead cop rising in vengeance behind him, Junior switched on the radio. He tuned in a station featuring a Top 40 countdown.. Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said.. Sheena Hackachak, at forty-four, was more beautiful than any current movie star. She looked twenty years younger than her true age, and she so resembled her late daughter that Junior felt a rush of erotic nostalgia at the sight of her.. When Agnes turned her head and saw Maria Elena Gonzalez, she thought she must be dreaming again.. He had not heard the lawman rising up with malevolent intent, as he had imagined. The body had simply rolled off the backseat onto the floor during the too-sharp 180-degree turn.. "Your father denies the rape ever occurred, apparently out of what I'd call a misguided willingness to trust in divine justice." "Oh!" She blotted her eyes on the heels of her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can." After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet.. Delighted to be dating someone who lived neck-deep in culture especially after two months with Tammy Bean, the money maiden. Junior was surprised that he didn't score with Frieda on the first date. He was usually irresistible even to women who weren't sluts.. In his voice, he heard a tremor that had nothing to do with the hideous deaths in Effingham more than sixteen years previous.. "Oh, Wally, I am worried. I'm deeply worried. My mama is going to buy herself a first-class ticket to the fiery pit if she doesn't stop this prevaricatin'!" During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show.. In this brighter light, he further examined the gallery brochure and discovered Celestina's photograph. She and her sister were not as alike as twins, but the resemblance was striking.. Or as her father often said, happily mocking his own rhetorical eloquence: "Brighten the corner where you are, and you will light the world." If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard

drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires..on both sides of the property, the neighbors can't see, but some know, have always known, and have less interest.The accountant lived in a white Georgian house on a street lined with huge old evergreens..Neither hesitantly nor recklessly, the boy set off across the lawn toward the porch steps. He maintained a far straighter line than Agnes would have been able to keep with her eyes closed.
