The jailor had at hist woken up and, finding his captives gone, had organized a searching party which set out just as Amos and the prince reached the boat. When the ship finally did show up, it was no longer a NASA ship. It was sponsored by the fledgling International Space Agency. Its crew came from all over Earth. Its drive was new, too, and a lot better than the old one. As usual, war had given research a kick in the pants. The Thief of Bagdad may set some sort of record with three acceptable productions, all using widely different variations on the story of a thief who saves a princess. The silent 1924 Thief, with Douglas Fairbanks, looks pretty primitive in places but also has some special effects that can still awe. Alexander Korda's 1940 Thief doubles that in spades (the giant flying genie is just one of many), plus it has monumentally lavish sets. Even the Steve Reeves version seems to have been made with more care and wit than the rest of Mr. Reeves' spaghetti spectaculars, containing some good film magic of its own and a resounding score with one of those epic romantic themes (based, it must be said, on a theme from the Rozsa music for
